

Inhale.

What time is it.?

What day is it today?

I don't care anymore.

Liy's POV:

I've been exhausted already from the challenge that we had to do today which was swinging around the sets. Even though Blackhole did all of the work. I should probably relax somewhere to ease myself. Tree is currently busy with someone else so he's occupied. Damn, can't even cuddle with my boyfriend. That tree seems nice. I should lay next to it I guess.

Donut's POV:

The better name than that..well mainly Golfball wants me to go along with them to make Four multiply with me along with X. That sentence probably sounded wried. Anyways all I have to do is stand next to X since X always stands next to Four during Cake at Stake. This wouldn't hurt right?

"GO!"

-

Ow..What happened.? My body feels wried. Did they do it.?

"Wha? What happened?"

"Four's gone!!"

"Yeah. Makes sense, because Four times zero is..Zero"

All eyes were pointed at me. Oh shit- did we really-

"It's zero and nothing else!"

"We did it!"

"YEAH!"

Oh gosh.

-

Liy's POV:

I woke up by the sudden cheering. What are they cheering for THIS time..better be not something dumb. Wait- oh shit what's this smell- Oh god it smells disgusting! And smells like- like-

Four.

"Liy?"

"Liy!"

"Liy?!"

"LIY!"

"Tree.?"

My eyes managed to open as well as my body finally managed to move. Oh god everything hurts. A moment I was awake, then I smelled something then I passed out.? But why? My whole team and some other teams were concerned of my well being.

"Oh gosh- Liy are you okay.?!"

Classic Tree. Really cautious on me. I clucked a bit. "Tree I'm okay..I guess?" Tree pulled my exhausted body up. My legs feel like collapsing. "Are you sure?" I nodded. But some reason. I just-

Couldn't feel a single emotion.

Even clucking. I wasn't feeling one bit.

Fries glanced at me then gave me a suspicious look. What's his deal?

"Uh..Tree? Somethings up with Liy. Think you should check her up."

Tree glared at Fries. That's surprising. He never does that normally. Did I really stress him out.?

"Nothings wrong with Liy okay? Just leave is alone. All of you. She's perfectly fine she says."

"Tree."

"No scars. No major injuries. Nothing. You don't need to worry anymore okay.?"

Tree tried to force a smile as we left to go to our team's house. What does Fries mean? What's up with me? Is there something on my face or something? I better check as soon we get back.

"Tree I'm going to be in my room okay?"

Tree nodded as he went to the kitchen.

I dashed to the restroom to see the mirror. There has to be something on my face. Right? Wha-

Why's my eyes blue.?

Normally they'll be sky color but my eye color is suddenly dark blue.? Is this what Fries was talking about.? W-

"Liy? You in there? I brought some snacks with us!"

Shoot.

Just the beginning of the fun. OBJ

"I-I'll be there! Just wait a sec."

"Alright."

Tree left to go downstairs. "SHIT WHAT DO I DO?? Everyone is eventually going to notice ahh shit." Liy tried to find some contact lenses that'll change her eye color a bit. She knew Pillow had some. "Did she take it?? Dammit! Damn my luck!"

She punched the wall out of anger. "Ow..probably shouldn't have done that..Should've controlled my anger." She held her wrist out of pain then-

"..What the heck?"

Liy stepped back for a bit. "What is this?! This just looks like a mini firework or something?! What-"

"Who did this?!"

"It's time."

"AAAAAAAAA-"

Is this the power that Four used on Gelatin.? When a fork stabbed Four? Wait..back at the tree. When I smelled some kind of 'chemical gas' that smelled like-

Four.

Don't tell me I-
Inherited their powers?

I should probably tell Four or X?- or-

"Liy? It's been 12 minutes now..are you okay in there.?"

Crap I forgot about Tree. How do I stop this stupid thing?! "Uh- I'm okay-Just go now." My legs collapsed out of fear and desperation. Don't cry. Not now. "I don't think you're okay- You sound scared.."

JUST GO.

Tree was stunned by the sudden voice crack. Yeah she really isn't okay. That's one of the first time Liy ever raised her voice on Tree. Liy fell on her knees.

"..ok."

Stupid Stupid power!

Stupid Four!

Just stop!

Her surroundings started to get zapped at random directions. The bathroom became a mess.

Just breathe idiot.

..It..stopped.?

It stopped.!

Liy cried out of happiness. She was relieved. Deep breathe..What just happened.?

Liy sat down just to process about what just happened.

-

Tree came back downstairs to see the other Death Pact members.
"What's she doing?"

"I- I don't know but she was clearly in distress. I don't know what's causing her to do so. She's refusing for me to see her."

Death Pact was getting concerned and theorizing what could be wrong. Then Pen got an idea. "What if she's pregnant??"

Eyes glazed at Pen, disgusted and confused.

"Pen seriously..THATS your first thought??"

"Damn Tree. Didn't think you're like that-"

"WHAT THE- I didn't do the thing Pillow.!"

Pen slowly sat back on his seat. "I know! What if-"

Footsteps was heard. "I'm back." All attention was directed at Liy.
"Oh! Liy! What took you long? The snacks are getting cold now." Pen asked as he looked at the snacks saddened.

"Pen, this ain't about the snacks." Pie said.

Liy was hesitant whatever or not she should tell the truth. It's her team. She trusts them the most.

...

No.

"I..I just had a stomach pain. That's all. I-"

"I KNEW IT! YOU DID GET FUCKED BY T-"

Pen's mouth was covered by Pie. Liy looked at then shocked and

confused. "Wha-"

"It's n-nothing. Let's get you to eat something okay?" Tree smiled.

Liy looked at him then slowly smiled back.

"Sure."

Wander

"How was it Liy? Do you feel better now?" Tree asked. Liy was eating some Jjajangmyeon that Tree made. Liy felt too numb from before. Now she's tearing up from the warmth of the noddles.

"God this is good" Liy mumbled. Tree chuckled. He was glad that he made his love feel better. After that whole outbreak. "Knew you would like it. My cook is satisfying after all to you." Liy glared at him. Embarrassed by the truth. He knows her too well. "I'll be outside. You could rest if you want." Liy nodded as she continued consuming Jjajangmyeon.

...

"Hey."

Liy was jumpscared by the sudden voice. That doesn't sound like Tree or anyone else that she's familiar with. Liy quickly stood up and observed her surroundings. "Who are you?! Show yourself.!"

"Stop looking paranoid. I'm in your mind. Listen, Remember how you smelled somethin eariler?"

Liy was frightened but confused. She just wants to know who this person is. "..yeah.?" It was silent for a while. Liy assumed it just left without a answer. Liy sighed angrily as she walked back to her room to rest. This day has already been too chaotic for her.

"Guess I'll just sleep now. I don't know what else to do."

Liy was slowly going to sleep until the voice came back.

"That smell..that was Four. That dumb team killed Four which led their particles towards you. Also that quote in quote

firework, that was one of Four's power as you said. You basically hold the power of Four now."

Liy already knew she held Four's power. She doesn't enjoy it already. She barely controlled it. "How do I get rid of it.?"

"Simple. You can't. You hold it. It's yours. Forever."

Liy felt chills. She's going to suffer with Four's power forever. "You got to be kidding me- I-"

"You're clearly not liking this aren't you? Well.."

...

"Why not have some fun with your new power.?"

She wasn't sure what she meant by that for a second. Until she realized. "Wait- you want me to..kill.?"

"Yeah."

Liy promised herself and her team that she'll prevent death and won't cause death. She would never break that. "I would never! I promised-"

"Do you really want to continue going around with your power with no joy? You do feel emotionless in the inside right? Something missing? Suit yourself then. Let's see how long your sanity lasts."

"Wait what? Hey!" The voice vanished. "Is the voice really testing how long I'd last.? Heh..eventually I'll get used to it." Liy grabbed her

blanket to go back to sleep when suddenly the blanket deformed. Liy dropped the blanket out of her hand in shock.

"Ahh..great. How am I supposed to hide that? Why did I just awaken this power now? Gosh.."

-

The next day.

"Oh! Liy! Greetings to see you, we were just talking about the disappearance of Four." Remote said. Didn't Four die? Oh well. Guess it's better for them not to kn-

"Actually The Better Name Than That killed Four. I literally witnessed it during the cake at stake." Pen corrected.

Liy was too tired to say anything back. She walked away from the group. They didn't notice anyways. She walked to the forest where it's quiet and lonely. She sat down front of a tall tree. All she heard was birds chirping. She felt frustrated that she was put into this situation. Why her? Even only she wasn't near that tree that day.

CRUNCH

Liy was frightened by the sudden noise. She turned around to see a shadow figure. She squinted her eyes to see better.

"...Woody.?"

Woody walked slowly towards Liy. "..What are you doing here.?" Woody mumbled. Liy sighed. She doesn't feel like telling him what's going on. "It's..nothing." They both became very awkward. Silence.

"Do it."

What.?

...

"Kill him. Do it for the fun."

Regret

[TW-This chapter contains a drawing with gore. Just in case if someone isn't a fan of gore.]

"What the fuck?! I won't kill him!"

Liy opened her eyes to see Woody looking at him terrified. Liy cursed. She already knew she messed up. Now he already knows. Woody started to back away. Trembling and mumbling. Tears were already starting to flow.

"Y-You what?"

...

"Just do it. You already messed up the first time. You won't do it again."

"I.."

"Hurry up. Or else he'll escape and warn everyone else."

...

"I'm sorry Woody."

Liy ran towards Woody and slamming him to the ground with her hands. She felt sorry. Seeing his eyes shocked and fear. She raised her hand to release the zap. She closed her eyes to not see his reaction.

R e s i s t.

ZAP.

Woody screamed. Liy forgot how loud he could scream, she felt dumb for that. She covered his mouth with her other hand that wasn't occupied. His scream could've attracted the others. As the zapping

continues, Woody resisted even more aggressively which annoyed Liy, holding his mouth and cheeks even more harder. Blood was starting to splat at Liy's face. She was getting irritated.

"Goddamit Woody. Just die already.!"

Woody's silence scream grew even more then Liy snapped. She grunted. She held Woody upwards and threw him at a tree aggressively. Blood splattered out of his mouth. He felt even more weak. Blood came out even more out of his zapped chest. His eyes began closing.

Gray eyes.

The color he always feared.

How wonderful.

"Woody Y'know..I was going to go easy on you but clearly you decided to be irritating to handle."

"So."

"Goodbye."

Woody heard as he slowly blacks out to face death. Tears were pouring out of him for the last time. All he heard of his heart beating.

"Woody? You sure you'll just relax there for a little bit? I know it's been overwhelming for you lately..Please be okay."

Woody looked at the light where the others were. Having fun. He cried even more, still having no emotions in his eyes.

"Balloony.."

"I'm sorry."

"I can't come back now.."

...

Liy stood there, waiting for Woody to finally perish. She looked at her hands, her right hand was frying from the zap and her left was almost covered in blood. She grumbled in frustration. She walked away. She walked out of the forest but tried to keep away from the others sight.

She slowly went inside of her team's house. Closed the door slowly. She sighed in relief.

"You satisfied?"

She rolled her eyes. "What do you want? You just screwed me over." She walked to the nearest bathroom to wash her hands from her dirty work.

"How did you feel as you were killing him?"

...

"I don't know, all I felt was anger."

"But aren't you glad he's gone now? That way he'll shut up?"

Liy looked at the window where the others were having fun. Happiness.

"I guess so."

Liy grumbled. She walked to her room to sleep after all of that. Sleeping as if she didn't do anything wrong.

investigation

"Liy? Wake up!"

Liy grumbled. She wanted to sleep after all of that. She slowly stood up. "What?" She mumbled. She rubbed her head. "You have to come to see this- something happened." Remote pulled Liy out of her bed and dragged her outside. Liy was hoping it's not about Woody. But her wishes were turned down as she sees a crowd around the same location where Woody was killed.

Guess it's time to act.

"Woah- What happened over there?" Liy questioned. Remote looked down for a moment then looked at Liy. "Woody got murdered. Nobody knows who did it." Liy stared at the crowd. Mumbles all over the place. Some parts of Team B E E P were devastated by the news and the others who liked Woody. Liy just..felt nothing.

No sympathy.

Remote took a notice that Liy was blankly staring at the others. She waved her hand at Liy to snap out of it. "Hey Liy, stop spacing out! We're supposed to investigate what happened to Woody!" Liy snapped back to reality. She almost forgot what was happening.

"Ngh...Fine. I'll catch up." Remote walked to where her other teammates were. Liy sighed. "Maybe I should've dragged Woody somewhere else deeper in the forest. They would've have seen the body." Liy thought more.

"Or..burn him."

...

She slowly walked up to her team.

Hours later-

Her team finally went inside of their house after a long investigation. Pen groaned. "Guys don't take this in a wrong direction but why do WE have to investigate his murderer by ourselves again?" BH sighed. "Pen this is your 2763th time asking..We did it cause we're supposed to prevent death and obviously we didn't prevent this death..permanent death." "Is that REALLY the reason?"-

Liy didn't want to be apart of this. She's too tired. She walked to the kitchen to grab some snacks. Liy found nothing on the fridge. "Uhh..guys? Who ate all of our food?" All eyes went to Pen and Pillow.

"What? Wasn't me! I'm never hungry." Pen said. "I'd never touched a fridge before." Pillow claimed. They began side tracked. Good.

"So who are you going to kill next?"

Liy's nonexistent shoulders got the chills. She grumbled by the awful timing. She dashed to her room hoping nobody noticed. Locked the door.

"Listen- this was a one time thing. Look how quickly people noticed Woody's body.! Too risky."

"Well It was cause you were panicking and dumb back there."

"Did not."

The voice disappeared again. Lig rolled her eyes as she got up to her restroom. She turned on the sink and splashed water on her face. She wobbled back to where the others were. Still auguring about who stole the food.

"Cmon BH- It HAS to be you! You probably absorbed all of the food on purpose or accident!"

BH grumbled. "Let me repeat Pen. Why would I absorb it when food gives me no energy unlike you." Pen leaned back. "Cause you're a black hole! Duh!"

"How long is Pen going to keep this up.?" Tree sighed. Pie shrugged. "We should start getting cameras in this household." Remote said. Pie agreed.

Liy's eye twitched a bit.

Are you serious.

Softiepyro here. Sorry for the long wait 🐱

Was focusing on the other fanfic of mine. It's hard to do 2 fanfics at once than I thought.

Ok bye

Rethink

After what Remote suggested, Liy grumbled as she left. "Huh? Liy? Is that you?" Liy rubbed her head in frustration. "Yes." Remote got up. "You look tired.?"

"I know."

Pie took out her phone. "I really suggest you to rest." She turned on her phone to order cameras. Liy sighed as she went upstairs to rest.

Kill

She shook her head. The pain in her is mentally killing her. Something inside just wants something desperately. She collapsed on her knees as soon she went in her room. She grumbled.

YOU HAVE TO

She growled.

ITS NOT ENOUGH

"..Shut.."

"..UP.!"

Liy punched a mirror. She winced at the pain she took. She breathed in and out. "How did Four handle this.?" She thought. Well there's no point of asking them since they're gone..for obvious reasons.

She heard noises outside. She walked towards the window. There was iance. Chatting. Or more like arguing. Probably about something dumb. She stared at them emotionless.

Kill..

...

"Who?"

13 1 20 3 8.

...

"Cmon Bubble! It's not THAT bad.." Match claims as she pulled up a balloon. "No! He's gonna get mad!" Bubble yelled as Match went towards Snowball who was sleeping next to lightning. She smirked. She pulled out a needle.

POP

"ARUH!" Snowball said as he stumbled to Lighting who immediately got scared as he electrocuted Snowball. Match chuckled a bit. "Best prank like ever!" Bubble pushed Match out of the way as she went towards SB to check if he was okay.

"Bubble, I was just like pulling off a prank!" Match claimed. Bubble grumbled. "Match. You've caused enough." Match smacked her lips as she walked off. Bubble sighed as she looked back at SB.

-

Perfect.

She's alone.

-

"LLOOLLLLIPPOOPP-" Saw yelled as she ran towards Lollipop.

"What?" She said. "You do still have those rare pink lemons right.?!"
She asked in panic. Lollipop eyed. "..did the lemonade stand close down or somethin?"

"YES!"

Lollipop sighed. "Well yeah?" Saw sighed in relief as she ran off.
"THANKS!" Lollipop chuckled a bit.

"Aren't those from the swa-"

"No."

Book looked around. "Where's Taco?!"

"No clue." Lollipop shrugged.

"You're not even trying!" Book yelled as she ran off.

"How foolish."

"Indeed."

Lollipop turned around as she got smacked in the head. She passed out as she saw a the figure.

"Sorry. But you're in my way."

—

Liy panted as she ran off. She felt pathetic. She prayed that Lollipop lost that memory when she wakes up. She did hit her fragile head pretty hard. To make a crack.

Two birds in one stone.

"Shut it with your words dammit!" Liy mumbled. "DAMMIT! Where did Match go for fucks sakes?!" Liy yelled.

Shh..you'll attract the others.

Liy grumbled as she kicked a pebble. As she got deeper in the forest she heard music. She got confused. Who the hell is playing music in a

forest? She thought. She went through more trees.

..

"An Eiffel tower?!" Liy yelled out.

Some members of iance dragged this from somewhere far all the way here.

"..why though??"

They had a dance party up there usually

"Well that's stupid but alright."

Liy is sure that Match is up there alone.

Pencil is eliminated

Bubble was focusing on SB

Ruby was chatting with others

Liy was damn sure. She wants the voice to shut up about killing. Once and for all. She climbed up. She struggled as she grunted. "How the fuck do they do it?!" She thought. After what felt like years she finally went up.

There was it.

Fight

[Warning! This chapter has a drawing that might be considered gore so..if you're not fond of that I suggest skip]

After all of that struggle, Liy finally made it to the top. She took a second to take a breathe. She entered in.

Match was sitting in the table all by herself while music was playing in the background. She looked exhausted. Probably after starting an argument or whatever. Liy smirked. "Look who's the sad bitch now." She said as she slowly approached Match. Match's eyes widened as she got off from the table. "Excuse me? Like what are YOU doing here? This is-"

"Only for the alliance blah blah blah I know" Liy mumbled. "What are you-" Liy kicked Match's leg as she fell down on the disco floor. "Listen, I'm getting pretty tired of your shit. Making your team feeling like shit? Not cool." Liy said as she kneeled down. Match was spooked out. She was slowly getting uncomfortable as she backed away. "Oh? Now you're quiet? Heh..pathetic much?" She said. This began to anger Match a bit.

"Y'know, I haven't heard someone insult me in like a very long time and all objects it had to be you? What has like gotten up with you?!" Match said in a offended tone. Liy leaned her head a bit. "Don't talk to me like that..Match." Match raised her eyebrow. The hell is she talking about? Why does she sound different all the sudden?

...

"Fo?-"

Lit tackled Match as they both fell to the disco floor. Match gagged. "WHAT THE HELL IS LIKE-" Liy punched Match to make her shut up. "Everyone is tired of you.."

"Even Bubble."

That made Match stunned. "Wh..n-NO THATS NOT TRUE!" She yelled back. Liy covered Match's mouth. "Tell me..Didn't you notice that Bubble is starting to go against your actions.?"

...

"You're slowly losing your loyalty and respect from others."

"You're getting weak.!"

Liy smiled as she saw Match's horrified eyes. She gagged for air. Trying to hold back tears. She was just trying to be a leader..

..like how Pencil was.

Liy held her hand up as she began releasing the laser beam out. Match was trying to yell out something but couldn't. Liy smiled even more. "Stop resisting." She zapped Match on the center of her body as she screamed. It was going for a while until Match was coughing up blood which disgusted Liy. "Gosh, you got my hand dirty." She made the laser go small but the pain will still result the same. She began tracing some areas which made Match wince.

Now it looked like burned scars all over her. "Now I'll just watch you lay down helplessly as you bleed to death." Liy mumbled as she backed off and leaned against the wall. Match breathed in and out. She gagged out blood as tears came down. She couldn't move. She couldn't tell if her limbs got injured or just paralyzed from shock. By as well be both.

She wanted to scream something but couldn't. She was losing consciousness.

"Goodbye."

"Match."

"Least you made her shut up through out all of that."

"Okay but did you really have to take over me midway?"

"Yeah. It was getting boring."

Liy grumbled as she climbed down. "Gosh it was painful as hell to see

in there." She muttered. She prayed that nobody was walking to the Eiffel tower now. Hoping nobody at least sees her. She scanned.

"Okay. Nobody's here." She nodded. Her hands were pretty exhausted and wet from blood. She was nervous. She didn't want to fall to her death.

Her hand slipped.

"NONONONO!"

Is this really her end?

Is this how she's gonna die?

...

S L A M

Hey yall lol

Sorry I didn't upload anything for almost 2 weeks(?) I forgot Wattpad existed and many things were happening this week.

I'll try posting more.

God my arm hurts-

Trust

...

White noise.

That was all she heard.

I gonna admit.

That was a hard hit.

"..How..bad is it...?"

You're knocked out..obviously

Your head is somewhat injured

"Ugh..great.."

...

"Liy? Liy??" Pen called out. Her team was in a look out for her. They just noticed she disappeared. They we're getting even more concerned. "God what if she got killed too.?!" He muttered. Pie patted his back. "I'm sure she'll be fine..she's capable of-"

...

"O-Of.."

There they are.

They found Liy's body.

Remote rushed to Liy as she picked her up. "She's unconscious." She

remarked. Pie looked up. "It looks like she fell from the Eiffel Tower up there." Pen marched front of them. "Oh no. The alliance did not.!"

"Pen, calm down. I'm sure it wasn't there fault." BH said. Trying to calm him down. Pen shook his head. "We just lost someone! Permanently! We're NOT losing our teammate!" He turned around as he climbed the Eiffel Tower. Pie sighed. "BH, can you make sure he doesn't fall down as well?" BH nodded.

After what felt like forever, he finally made it to the top. He grunted as he placed his hand on the top. He placed his whole body on the top.

"Hey! How dare you p-"

"P-Push..."

Pen was staring at Match's laying cold body. Burned scratch marks all over her. There was a large open wound on the middle of her body. She looked lifeless. Her fingers were twitching but that doesn't mean she's still alive. Her eyes were faint.

"M..Match..?"

Pen almost fell down out of shock as BH snapped him out. "Pen! What happened?!"

...

"She's..she's.."

"She's..!"

"Dead.!"

BH's nonexistent eyes widened. "What.?! Hold up.." He floated up to get a closer look.

...

"Dear god."

Hours later of waiting for Liy to wake up

...

Wake up.

"Ngh.."

Wake up.

"Liy? You're awake?"

Liy's eyes widened immediately as she stood up. She turned her head.
"..Bottle?" Bottle nodded. "Don't stand up! Your head is still injured."

"What.."

Bottle turned around as the door opened. Liy was slowly getting worried.

"What if they found out..?!"

"They won't."

"Yeah right.!"

The rest of the team came in. But there's someone else. Suddenly, GB and TB walked in. Liy was getting even more worried. Then..her heart sank.

The iance.

They looked a mixed of frustration and devastated. Liy held her hand tightly. It might as well bleed. She scanned the room. They were mumbling. But all were staring at her.

"Liy.."

...

"Did you.."

"Happened to get in a fight with Match..?"

.

Liy's heart sank even more. Anxiety was taking over her organs. She looked down. "...why would I.." She muttered. The objects stared. "...my duty is to prevent death..right..?" TB turned to GB. GB noticed as she sighed.

"Do you..at least know what happened with Match..?"

Liy looked to the side. Her eyes looked dead tired. She grumbled. "..I was taking a walk..for a stress relief. Then..I heard screaming from the Eiffel Tower..I was nervous as I climbed up..wanting to prevent a death."

"But.."

"I couldn't make it in time."

"I couldn't even see who killed Match."

"They knocked me off."

...

Tree walked towards Liy. He sat down on the bed. "Liy.." Tree tried to confront her. Liy lifted her hands as her eyes turned into despair.

"This is my fault..If only I came early..another tragedy..would've been prevented..I'm the worst..." She said as tears came out. Tree hugged Liy pretty much convinced.

His love would never commit such a thing.

Bubble just stared at Liy.

Still wasn't sure.

She clinched her fist.

Fanny turned towards her. "Hey! I get you just lost a friend..I guess if you call her that..But anger isn't a good choice." She said. Bubble turned towards her. "But I thought..-" Fanny shook her head as she

turned around. "You heard nothing!" That made Bubble smile a bit.

"Liy it's okay. Breathe in."

...

Bubble stared at the two.

..What if..

She's it..?

Hello y'all. Sorry for the long wait. Was busy for a post on instagram ^. Anyways this is probably the longest chapter in this series so far? Lmao?

Anyways see you in 2763 days.

Weak

Bubble excused herself to leave. Many objects were concerned but let her go. She was probably the one who's going through it all right now. She never even got to talk to Match of how she felt.

Now she never will.

The hallways were loud of silence.

She felt dizzy by the sudden emotions

Bubble stepped out of the porch. She sat down on the stairs. She sighed as she looked at her hands. Her mind was fuzzy. After Pencil was eliminated..all responsibility went towards Match. She became.."corrupted" basically. Blinded by power that she doesn't even realize her own doings.

She wanted to shout.

But instead, tears came out.

Bubble felt weak for holding back. If only she spoke out earlier. She wouldn't have..walked off. Her eyes became blank. No purpose. What's the point?

Everyone is going to leave her behind.

Simply because she is weak.

Bubble heard the door open. She blinked. "Fanny..?" Fanny grumbled. Fanny walked up as she sat down next to Bubble. They both didn't speak. They stared at the starry night. Bubble sighed.

"I don't get it. Why's everything falling apart.? First Four disappears. Then Woody died. Now Match is dead..?! What's next.? Am I going to

die.?" Bubble said. She was full of despair. She didn't want to know what's going to happen next. Fanny sighed.

"Everyone is devastated Bubble. It's understandable why you're acting like this."

Bubble looked at her.

"Bu-"

"But worrying about Match isn't important! She's not our main focus! Our focus is Four and who is behind all of the murder cases.! Grieving won't do!"

...

Fanny backed away a bit. Realizing what she said last. "..Sorry. I'm just..I hate what's happening right now. I'm just.." Fanny grumbled. Bubble was in tears again. But somewhat smiling but she was still hurt by that.

"Fanny..I know that Match was..Bad..I tried to help her..I never bothered to talk back at her..Or I'll be denied. I've been friends with her for so long, I didn't want to lose all of that.."

"If only I wasn't so..scared.."

Fanny sighed.

"Bubble..I know. I'm guessing you're scared how she'll react of you standing up for yourself."

...

"God I'm bad at this type of stuff. I never had a real friend I don't know how it works." She muttered. Bubble blinked. She began wiping her tears.

"Heh.."

"I'm pathetic.."

Fanny didn't catch that.

"Huh?"

Bubble immediately shook her head.

"Nothing.!"

"..Nothing."

Bubble walked away. Fanny jumped down from the stairs. "Wait where are you going.?! " She yelled out. Bubble stopped but didn't turn around. "I'm..going back to our house..I'm tired." She said. She was smiling. She turned.

"I'll be okay Fanny."

Fanny sighed.

"Alright."

—

"Liy..Are you sure your head feels better?" Tree asked as he placed his hand on Liy's head. "No." Liy mumbled. Tree stared at Liy. "You look exhausted..Go sleep..Okay?" Liy nodded as she got deeper to the bed. "I'll come back tomorrow okay?" Tree said as he waved goodbye at Liy. Liy waved back as Tree left the room.

...

Oh great. You're injured. Now we can't kill.

Liy just blinked.

It's your fault you tried to act too quick.

Liy blinked.

ARE YOU EVEN LISTENING?!

"Give me a rest dammit!"

...

"God the nerve of this voice."

LOOK ITS 12 AM AS IM WRITING THIS 🐼🐼 ITS BAD IM SORRY-

Anyways the next chapter might be focusing on bleh or lance for a while so stay tuned for that ig?

Bye 🐼🐼

Isolated

Ruby turned around to hear the sound of the door opening. Fanny came back but she looked uneasy. Ruby stepped out of her chair. "You alright Fanny?" She asked. Fanny looked at her. "Bubble..I..I don't think she's okay." She said in a uneasy tone. She swears she's going to kill whoever is starting a killing spree..trying to enjoy while 4 is gone.

"I'll try talking with her when we get back..I should be able to make her feel better." Ruby says. Fanny nodded. "I hate that you're the only one that Bubble truly trusts." She muttered. Ruby chuckled a bit. BH approached the two. "Hey guys..sorry about what happened. You guys can head back home now." He said.

Ruby nodded.

After stepping out of the house, Ruby tried contacting Bubble. But received no response. "Wried.." she thought. She stopped walking for a bit while the other Iance members walked. She felt naive but..she's now noticing how the alliance is collapsing.

She slapped herself.

Why even worry about this..

...

But it mattered to Bubble.

...

Ruby and Bubble were the only alliance members left. Minus Book nor Ice Cube of course..don't technically count as alliance anyways.

Bubble was always easy to get manipulated easily. Simple things can hurt her physically and mentally. Ruby sighed.

...

Taco was sitting by Lollipop's bed. Watching her.

FFllaashhhbackkkkkkk

Taco was walking around in the grassland. By herself. After her own team turned against her over a dumb reason. She sighed. She haven't felt this alone before. She isn't used to it.

Taco looked up.

Her eyes widened.

L..

Lollipop.?!

She internally yelled.

She ran towards Lollipop. She scanned her head. She bit her lip in stress. "Gosh..that's a one crack there.." She thought. She carried Lollipop..well she tried. She forgot how fucking heavy she is. She had no choice but to drag her by her wrist. Praying that nobody sees her.

"I swear if any object sees me..they're gonna think IM the murderer..ugh.."

Taco held her arm tighter. Some reason she felt guilt but why.? She patched Lollipop's head. She hasn't woken up in..Taco haven't even checked how long it has been. She blinked.

She didn't realize how exhausted she is.

She sighed. Taco got off from her chair. She decided to go to bed. There was no point just staring at someone who is unconscious for god knows how long.

"T..Taco..?"

Taco immediately turned around. Lollipop blinked as she rubbed her

head. "What.." She winched in pain. Lollipop cursed under her breath in agony. Taco wasn't sure if she even wants to talk to her.

After all

Lollipop also thought Taco abandoned them.

Taco attempted to leave the room but Lollipop grabbed her wrist. "Wait.." She mumbled. "I'm.."

"I'm sorry."

Taco's eyebrow rise in confusion.

"Wh.?"

"Shit.!" Lollipop muttered while holding her head. The pain increases. She gasped for air for relief. Taco blinked. "W..want some pain killers.?" Taco managed to mutter out. Lollipop nodded.

...

After bringing pain killers to Lollipop. She swallowed the pill. She sighed. "So..what happened to you.?" Taco asked. Lollipop blinked. "Oh my sugar..um.." She blinked. "I..I don't remember.."

Taco sighed. "Man they really hit your head hard huh.." Lollipop glared in offensive. Taco chuckled a bit. "Sorry..didn't mean it like that.."

...

Taco sighed.

Who really did it.?

GUESS WHOS BACK BABYYY

Yeah sorry for the long absence . Had a small motivation for a bit..then community service came and stuff..

🤔!!☐ Anyways just clarifying I don't necessarily ship Taco and Lollipop so this isn't a ship chapter of Tacopop necessarily but it's fine if you think so

Alight bye

Dumb

Liy groaned. She could still feel the pain in her head from that fall. She turned to the window. Team BEEP was outside. Talking. But they don't have that happy mood that they used to have. Maybe they got more nervous after Woody died.

She couldn't help but smile.

"Those pathetic idiots.."

She tried to sit up. Until she felt even more pain on her back. She screamed a bit.

"Stop being so dramatic."

"Just get moving will ya?"

She growled in annoyance. "JUST- you don't understand the pain." She said. She tried to calm down at least. But she is craving more..

More bloodshed.

She still doesn't understand why she is feeling this way.

Did Four always feel like this?

Liy groaned as she covered her eyes in agony. She blinked. "Four..how did you handle this..so well..?" She muttered.

...

"W.."

"What are you doing?!"

"You're testing my patience."

"Let me handle it."

"STOP! IM CLEARLY INCAPABLE OF MOVING"

"You're just a weak mortal. You won't feel pain when I'm handling it."

"YOU-"

...

Cake was sitting next to Loser. The living room was warm but he felt cold in the inside. He was terrified of the idea of death. He didn't want to lose Loser. "Loser?" Loser turned to Cake.

"Are we going to be okay.?"

Loser are quiet for a bit.

He smiled.

"I know you're all strong..You'll be okay.."

Before Cake even get to respond back, one of the LOSER's team mate called him over. Cake took off as he waved at Loser. Loser smiled as he waved back. After Cake left, Loser frowned.

How can he be sure?

He was being genuine on them being strong and all but..

Loser tried to shake it off of his mind but it just bugs him a lot.

'Liy' started to walk in the hallways. Until Bottle suddenly came out of her room. She got surprised by Bottle's sudden appearance. Bottle was confused. "Huh? Liy? What are you doing up?" She questioned as she smiled. 'Liy' grumbled a bit. "Oh I just wanted to get some

resources! Don't worry! My head feels much better now." She sarcastically said. Bottle nodded as she walked away.

'Liy' sighed.

(Thank god she's too dumb to understand sarcasm..) she thought.

Liy opened the front door as she scanned the area. She finally spotted what she was looking for.

She smiled.

"Guess I could finally end your misery.."

"From the horrendous grief of yours.."

Sorry

Its been a while 🤖

I have exams this week so I figured I could publish this to make it up for y'all. Anyways sorry for short chapter. I wanted to save an upcoming drama for the next chapter and it would be wried putting it here so yeah

Bye ☐

Frame

Liy approached Balloony who was sitting on a bench by himself. Looked like he was distancing himself from everyone. He looked empty. Abnormal of him. Liy smiled.

"Balloony? What's wrong?" Liy calmly said as she stood next to the bench. Keeping distance. Balloony took a second to face Liy with an devastated look in his eyes. Despair. He frowned more.

"..I miss Woody. I'd always be there for him, supporting him emotionally..and now I can't help him anymore. Oh..I wonder how scared he was..no..-"

"Terrified?"

Balloony's eyebrows went up a bit. "Y..Yes. Now I feel guilty that I didn't save him from..from.." Balloony almost choked in tears. Liy rolled her eyes.

(Gotta act.)

Liy sat down next to Balloony who was trembling. Liy patted his string. **"It's fine Balloony..You did your best..I assure you to breathe. Woody wouldn't like to see you sad..right?"** Liy said.

Balloony sighed as he looked back at liy. He cracked a smile. "..I..I appreciate your help." They hugged eventually. Liy stuck her tongue out in disbelief of what she just said.

(Have to get trust.)

Liy smiled. **"Why don't you talk with your team mates?"** Balloony looked back at his team. He frowned once again. "I trust them but..I..I don't want to see me like this..."

Liy chuckled.

"It's fine. You can talk to me always."

Balloony looked back at her as he smiled as well. "Well..talking to you was nice." Liy leaned a bit.

"Want to meet me again tomorrow..?"

Balloony looked to the side for a bit.

"Hm..I will if I remember.."

Liy smiled.

"Wonderful."

"I'll see you again soon."

GB was pacing back and forth around TV. TB just had to witness it. He sighed. "Golfball..you didn't find any evidence did you?" GB grumbled.

"TV, show me the cameras!"

TB raised an eyebrow.

"Wait? Huh? When did y-"

GB turned around with an proud smile.

"I invented a new camera system ever since Woody was murdered! It's called C.U.M 2.763.0!!!"

Basketball blushed a bit as she stood up. "..a..What now..?"

GB raised an eyebrow in confusion.

"What?"

"It's Certified Ubiquitous Microfilm!" She says proudly. Both Basketball and TB sighed in relief. "Wait..what do you mean by 2.763.0.?" GB faced towards Basketball.

"Oh."

"The other versions exploded."

...

"..w-what."

GB turned back towards TV to get full concentration. She scanned each cameras. She was touching TV at this point and she never noticed.

TB sighed as he pulled GB. "Golf ball- you're going to hurt your eyes." Golfball yelled "AH HA!" as she pulled herself back to TV's screen as TB fell back on the grass.

GB smiled as she kicked TB to check if he was alive. "TB! WAKE UP! I HAVE GREAT NEWS!" TB grumbled in exhaustion as he blinked. "Wha..?"

"WE HAVE NEW EVIDENCE AND I SWORE IM NOT GOING INSANE!"

Tennis Ball got up as he looked at the TV screen. GB pointed at Certified Ubiquitous Microfilm 4. There was Match auguring with Bubble. Snowball looked dizzy after getting electrocuted by Lightning.

TB raised an eyebrow.

"What do you m-"

GB pointed at the needle in the Certified Ubiquitous Microfilm 4.

"You see this needle?"

TB nodded.

"My claim is that since Match pulled a silly quote in quote prank on Snow Ball and Lighting. She dropped the needle. Lighting probably wanted revenge after fooling them both. Snow Ball is too fat to climb up the Eiffel Tower so Lighting maybe have flew up to find Match to assign her in clear revenge. There is 9.99999% that he is the murderer in this case according to my calculations. Judging by the burnt marks and the sliced parts that were maybe by the needle. So therefore.."

"LIGHTING IS THE MURDERER!"

...

TB sighed.

"Maybe it is..?"

Liy looked at them in the distance.

Sbe smirked.

"Those nerdy idiots..how ironic."

OKY ITS BEEN LONG IK

Damn this is probably the longest I've written so far? Idk

Anyways gosh I love GB ☐☐ no actually

So....Poor lighting? Lmao? L?

Okay bye

Emotions

Liy smirked as she waked off. She thought for a bit. Her eyes suddenly widened when realizing. Liy began running back to her home realizing that Tree is probably freaking out right now where she is.

(GOD DAMMIT IF ONLY I DIDNT WASTE TIME ON THAT STUPID BALLOON)

Liy immediately opened the door. She took a breathe in. She looked up. She got confused when the living room lights were off. No talking? No lights?

Was she worried over nothing?

She sighed in relief but also annoyed of how she got stressed out over nothing.

Liy slowly walked back to he room.

She yawned.

Ok I'll let you be now.

Liy gasped as she finally got control. She had to clench to her chest to breathe in and out. It felt painful to be back. She grumbled.

"I hate you."

Saw slammed Lollipop's door as she screamed her name. Lollipop got jumpscared by the sudden yell of her name as Saw jumped on Lollipop. Lollipop embraced the hug. Taco backed up a bit.

"Lollipop! I'm so sorry.!" Lollipop patted Saw's handle. She stared at her handle. "It's..was never your fault Saw. It'll never be." She smiled. "But I left you there unsupervised and..I..I just-" Lollipop hugged Saw tighter.

"Saw, I appreciate it but it was nevertheless your fault y'know. Silly." Lollipop kept massaging Saw's handle for comfort. Saw blushed.

"Does your head feel better.?"

Lollipop touched her cracked head.

"I took some pain killers but I doubt I'd feel good without it." She shrugged. Saw held Lollipop's shoulder. Lollipop sighed. She hugged Saw.

"You could sleep here if you want."

Saw smiled as she blinked.

After minutes of waiting Saw to sleep, Lollipop faced Taco. Taco was staring at the wall. "So..what now?" She asked. Lollipop shrugged.

"I..could go now."

Lollipop waved as Taco left her room.

She looked down at Saw who was sleeping.

She smiled.

"Oh Saw..what would I do without you.?"

[the next day]

Liy grumbled as she stretched her arms. Her body felt so exhausted and she didn't even kill anyone yesterday. She thought again. Did she?

Idiot I didn't attempt to

Liy blinked. "Why not?"

There was no attempt

She got up from her bed. She suddenly heard the door open as Tree walked in. "Babe? Do you feel any better?" Tree touched Liy's 'chin'. Liy blushed as she nodded. Tree smiled. "I'm glad." He hugged Liy.

Liy didn't know why but..

She felt shocked.

She blinked.

She hesitated to hug back.

After all of her actions.

He doesn't know yet but..

How would he react if so?

Tree trusts her so much

..

Liy hugged back.

Her mind was a mess.

Tree let go as he waved goodbye. He was sure that Liy needed some rest.

"If you need me, I'll be downstairs okay?"

She nodded.

...

If he finds out..

He'll..

...

But Liy loves him so much

She doesn't want to lose him.

Maybe if she could turn herself in?

In guilt?

Or just simply stop.?

And hide?

Lie to him?

...

You idiot

Being consumed by emotions

They're making you WEAK.

YOU'RE GETTING WEAK.

L I Y.

HE DOESN'T LOVE YOU

HES JUST USING YOU

LIKE A STRESS BALL.

A TOY

ITS POINTLESS THINKING ABOUT HIM

HES NO USE

YOU WANT THIS 'ITCH' TO STOP RIGHT?

...

RIGHT?!

"..shut up."

**SO WHY ARE YOU GETTING WEAKENED BY YOUR POINTLESS.
WEAK. TOYED. EMOTIONS?!**

HES IN YOUR WAY

"SHUT UP"

Liy punched a picture frame.

She looked at her hand.

Then at the picture.

It was the picture of her team.

All happy.

...

She teared up.

She got to her knees.

What has she'd become..?

OHHH...that took an effort lmao? Ngl my feelings went brr while writing this. Like a fuckin roller coaster or something lol

Anyways idk if you should feel bad for Liy but uh..your choice I guess idk

I wouldn't say Tree is blind

Ok bye

Betray

Liy blinked as she slowly rubbed her eyes. She groaned. Her head felt numb from thought. Liy got up as she looked out at the window. It was almost time for sunrise.

Don't you remember?

Liy raised an eyebrow.

You have to meet balloony.

Liy rubbed her head in annoyance. She doubted that Balloony would be up by now. Almost no object is. Liy opened her door. She scanned the hallways. No sound. Perfect.

She figured since almost all of her team are deep sleepers. But then she realized something.

ALMOST. All of her team mates are deep sleepers.

Blackhole doesn't even sleep, Pillow could be up anytime resulting jump scaring you, Pie sometimes stay up for no reason.

Liy prays that they're doing something else besides being outside of their room. She slowly walked through room to room. She looked up at the clock.

"6:29"

Liy grumbled by the time stress. She shouldn't waste any more time. When she finally got out from her front door, she looked around.

She suddenly felt something.

Something wet.?

Liy realized it was starting to rain. She sighed in her worst luck. She rolled her eyes.

(Whatever it could've been worse.)

Liy sprinted towards behind her house. She sighed in relief that she just happened to find Balloony waiting there.

Perfect.

Balloony turned around to see Liy. His eyebrows widened as he waved his hand at her. Liy smiled as she walked towards him.

"I didn't think you'd come Balloony."

"Yeah, I wasn't sure at first but I couldn't turn this down if I'm just going to stay silent forever." Balloony said. He smiled. Liy stared at him. She thought for a bit.

Well?

Why not make him silent.

Forever.

Liy looked up to Balloony as he kept ranting about something that was blurred in her mind.

He genuinely trusts her.

Of all people.

She smirked.

Balloony stopped talking as he heard Liy's smirk. He got confused. "Are you okay Liy?" Liy nodded.

"It's just.."

Liy teared out apart of Balloony's face.

Balloony collapsed on the ground.

He gasped for air.

But there was no point to anyways.

Balloony looked up to Liy in despair but..

He felt anger in him as well.

All of those grieving.

The person he trusted.

Was the person who caused that grief

"Y..You."

"Why.?"

Liy kneeled to Balloony's level.

"What's wrong?"

"Isn't this what you wanted?"

Balloony was silent.

"I'm just helping you remember?"

...

After some waiting, Balloony eventually ran out of air which Balloony lost consciousness. Liy stepped on Balloony's corse. Just to make extra damage of course.

"He was too stupid."

...

Aren't you forgetting something?

Liy raised an eyebrow.

"What are you talking about?"

..nevermind.

Liy was satisfied. She headed back inside quietly.

[When the sun went up]

Liy was sleeping peacefully. Acting like she had never killed a man before. But all of that was destroyed when someone suddenly screamed. She grumbled.

"Who could be screaming in this hour?!"

Liy opened her door. She rubbed her eye kn annoyance. "What's going on.?" Tree walked up to Liy. He placed his hand on Liy's shoulder. "You should be resting.." Liy raised an eyebrow.

"But babe, what's happening though?"

"..Someone got murdered right behind of our house."

Liy's eyes widened. That time..where she sneaked out to meet with Balloony. Did she-

Yeah..You forgot to hide the body or at least put it somewhere not near your house.

Liy swore in her mind. She accidentally shifted the blame to her own team. That wasn't even her plan in the first place. She was probably to tired to even think during that.

"It's okay..You don't have to be apart of this. I'll take care of this along with the rest of us okay.?" Tree said as he kissed her in the

'forehead'. Liy nodded.

Liy held her arm as Tree left in a hurry.

(..I..)

(..I have to see this.)

It's been a while I apologize. Covid hit me so I had to recover lolol.
Have this long(?) chapter cause school is coming back for my ass this
week so..yeah :(

Ok bye

Lost in thought

Liy slowly made her way downstairs. It felt like forever. She felt so sick..mentally and physically. It's like something is dragging her away to go forward.

Why do I suddenly feel..

Regret.?

I asked for this.

Liy managed to pull herself to the living room. She wasn't sure if she should even dare to go outside. It's not like any object suspects her as the murderer. She had too much fear in her to even step out.

What if?

..what if.?

...

Liy went to the window. She opened the pleated blind curtains. Her eyes widened at the large amount of Objects surrounding one area. She gagged.

If they find out about her.

They'll-

...

"Okay! This is getting ridiculous. 3 people down this quickly? After Four's disappearance? This is starting to scare me." Fries said. Many objects agreed in that statement.

Team B.E.E.P was grieving about Balloony. They were starting to get self conscious around people. They already got two people from their team down. Woody then Balloony. Cloudy was taking it the hardest. He couldn't stop crying and showering in raindrops.

"..why him.?"

"What did our team mates do.?"

...

Fanny was knocking on Bubble's door. She was getting worried after Bubble started to distance herself from everyone. It annoyed her but she had to take it easy on Bubble.

"Bubble, cmon open the door. I hate it when you do this." Fanny exclaimed. This silent treatment was testing her. Fanny grumbled. She gave up for a bit as she slid herself down from the door to the floor.

Fanny didn't want to just leave Bubble like this.

At least interact with her.

Ugh. I normally don't do this but maybe I can just strike a conversation with her? Not forcing her to open up. Maybe she could warm up to me if I could just talk to her normally..I'm going to hate this.

"..I heard GB tried to accuse Lighting of murdering Ma.."

NO YOU IDIOT! DON'T BRING UP MATCH! THATS GOING TO MAKE THIS WORSE!

"Forget I said anything!"

*Gosh I knew I was terrible at starting conversations! What am I thinking?!
I could just let her be and-*

"..Match what?"

Fanny immediately snapped back from her inner thoughts as she turned her head. She raised an eyebrow as she continued.

"Uh..Lighting then yelled at her. Being silly and stuff..TB had to apologize to GB's wried theories..and stuff.."

Fanny heard Bubble's chuckle. Her eyebrows went up. Is she really okay with that?

"..how silly of GB..I appreciate her attempt but..I..really doubt it's lighting."

...

"Yeah."

"GB had been always like that..accusing left and right..being bossy..making large calculations..I could see why TB likes her."

Fanny blushed as she heard Bubble chuckle again. She liked how Bubble l..what was she thinking?

What am I thinking.? Bubble would not like me. She hates me. If she hates me then I..hate..

...

"Y'know what Fanny?"

"..what."

"I really like you."

Fanny shot up from her depressed sit pose. Her eyes widened.

"..w-what?!"

"You were always there confronting me when I get sad..when nobody does..not even Pencil or..Match. I really do like you Fanny."

...

"I.."

"You hate me? Heh."

"No! I-"

"I..like you Bubble."

Stop sulking already. We need a another kill.

Liy was exhausted after laying down on the couch. Her eyes was exhausted as well as they could barely hold open.

We need to.

Let's get a fragile one.

Just that for you to use less energy to kill.

Liy blinked.

"Balloony was fragile enough."

Don't worry.

This object is even MORE fragile than Balloony..

I assure you it'll be easy.

I just realized I've been targeting just BEEP and Lance and I apologize if you're a fan of those teams- I didn't even realize it myself lol

I promise Liy will stab other teams eventually;;

Okay bye

Tears

Liy rubbed her eyes. She couldn't tell how long had she've been lying down on the couch for. She looked up. Her eyes widened as she immediately got up.

"SHIT!- The cameras.! I forgot- dammit.!" She looked. She stared at her hand when she realized she forgot she inherited Four's powers. She could do anything.

She immediately shot an lazer beam at the camera as the camera exploded into pieces. Liy rubbed her 'head' in annoyance. "I should be destroying more." She got off the couch as she looked around for more cameras around. She felt dumb of not realizing the cameras before. She just prayed none of her team mates ever checked the cameras.

[After destroying those cameras]

"..And that should be the last one." Liy muttered. Her hand was aching after over using her power. She still wasn't used to it. Suddenly an itch kicked in.

The itch to kill.

Wasn't one enough?! I just killed someone this sunrise?! How desperate is this desire growing.?!

I need time.!

Nonsense.

Liy nearly collapsed on the fluffy floor.

She wanted to puke.

WHY IS IT HAPPENING NOW

You're turning insane Liy.

That's how your power grows.

But- BUT-

Just go with it.

This is your life now.

Liy slowly got up.

She looked over at the window once again.

...

Bubble.

She looked tired.

Her eyes are puffed up.

Looks like someone has been crying.

Well?

I think you now know who I was talking about.

This should be easy.

Liy held her arm.

Her eyes were blank.

...

I'm doing it.

I'm sorry Bubble.

I need to.

Liy slowly made her way over to the door.

Bubble was convinced by Fanny to at least go outside to refresh her thoughts. Bubble couldn't even trust anyone after..She shook her 'head'. She tried not to think about it at all. She said trying to move on.

At least. That's what she thought.

She did nothing but ruin everything.

Why did Fanny even like her.?

Bubble wanted to..

Disappear.

But..

She doesn't want to leave her friends and Fanny behind.

Bubble forgotten why she was even outside as she snapped out of her mind. She looked over at the crowd that was slowly decreasing. She frowned.

Another person died isn't it.?

She looked over when she realized who was unfortunate.

She frowned but couldn't even cry.

She wasted all of those tears at Match.

Why did she even?

Match hurt her.

Mentally.

So why?

Bubble walked over. Didn't want to get involved. No object even noticed her. She had no idea where she was even going. She kept wiping her eyes from the remaining tears. She realized she was behind The Loser's house.

Where her other friends were.

Happy.

H a p p y.

She couldn't help but feel jealously. Maybe Pin was right. Pencil and Match were total jerks. If only she just tagged along with Pin. Maybe things would be better between them.

How stupid can she be.?

Bubble suddenly got pulled by her arm.

"H..Hey.! Wh-" Bubble muttered before getting slammed to the wall. She blinked. She realized who she was encountering.

Liy.

Bubble raised an eyebrow.

"L-Liy.?! What are you doing.?" Bubble was trembling in fear. Liy held up her hand as it glowed white. Bubble's eyes widened. "Don't even bother. You're weak. You could die in the matter of seconds." Liy said in a cold tone.

Bubble was trembling even worse.

"P..Please..don't..kill me.." Bubble mumbled.

"It'll be over in seconds Bubble."

Liy was about to slam Bubble with her lazer hand until..

Z A P

Liy's eyes widened.

"F..FANNY.!"

This is when real shit begins.

Guys I swear I'll target some other team and spare BEEP and lance for a while ;;

My arm hurts from typing

Okay bye

Warn

"F-Fanny.!" Bubble screamed out. Fanny smashed herself against Liy as Liy collapsed on the ground. Liy grumbled in annoyance. Fanny quickly turned around.

"RUN! JUST RUN!"

Bubble slowly backed away. But she didn't want to leave Fanny. If she does, Liy will-

"WARN THE OTHERS BUBBLE NOW RUN."

Bubble hesitated.

"I HATE THIS TOO BUBBLE BUT SOMEONE HAS TO KNOW SOMEHOW."

All pressure got into her.

"B-But.."

"Bubble."

"It's okay."

"You'll be fine at least..right?" Fanny muttered as she put up a weak smile. Bubble's tears started to flow. She backed away even more. "..I'm sorry.!" Bubble ran away eventually after some encouragement. Liy immediately got up. She punched Fanny as she collapsed on the ground. Liy held up Fanny on her 'neck' as she held up her other hand which created a lazer.

"You know Fanny?"

"I never hated you this much until now."

Fanny was coughing blood but still kept a small smirk on her face. Showed a huge smug. "There's nothing you could do- I know damn well Bubble will tell everyone." Liy growled in anger.

"..including your team."

"..AND Tree."

Liy's eyes widened. She wanted to forget. She wanted to forget what her team would ever think of her after finding out. "Y..You." Liy shot a death glare at Fanny.

"You really hate me huh.?"

Fanny eyed her.

"Obviously, you've literally killed 3 objects AND attempted to kill Bubble. Creating such devastating damages on us mentally and you're saying this? Really?" Fanny's eye twitched.

"JUST SHUT UP ALREADY"

Liy shot Fanny in the face with the lazer zap. Fanny screamed in agony. Her legs were twitching in pain.

[illegible]

Bubble had been running.

It felt so endless.

Her 'throat' was so dry.

But she managed to yell.

"LIY DID IT.!"

Many objects stared at her.

Pin muttered in shock.

"..W..What.?"

"Liy did it."

Some objects were cursing under their breath in fear or anger. Some just were in pure shock. But most were eyeing on Death PACT.

"Um..this is some form of irony.?" Ruby muttered.

"..Liy wouldn't...she..-" Tree felt like he was stabbed in the chest after hearing this. Getting betrayed by his loved one. Pie patted him on the back for confront. "What should we do then..?" Remote said.

"We should hide."

Lollipop yawned after a long nap. She rubbed her eye.

"Gosh..how long did I sleep for.?"

Lollipop looked around. Saw wasn't there. She assumed she was outside. All she heard was silence in the house. Which was abnormal considering no object here shuts up. Lollipop frowned.

"There's probably another murder or something.."

She stretched her arms as she got up from her bed. Lollipop headed out of her room to fetch some breakfast. Perhaps some pancakes will do.

Lollipop wasn't used to this abnormal silence that she is receiving right now. As soon she grabbed the frying pan, she immediately got jump scared by the loud door slam. She got out of the kitchen to see who it was.

"Huh? Gaty? My friend, what is up with that poor expression?" Lollipop questioned. Gaty looked up to Lollipop in fear. "Lollipop..be careful out there." Lollipop frowned. "Gaty I already know abo-"

"It's Liy. I advise you stay away from the Death PACT for a while. I don't think they're taking this news well." Gaty said in a unwell tone as she slowly went back to her room. Lollipop couldn't even process it.

"Ah..I see.."

"But why did she even commit such action..?"

"What will we do now.?"

"Oh my sugar..Four..X..come back.."

I didn't even write an script for this chapter so uh..it's wonky ik I'll try to think what to do for this turn of plot for a while until I pull myself together.

Anyways Liy get funky lol also I'll start adding drawings for each kill. I already did it for Woody so far. Match's is in progress.

Ok bye

Hurted feelings

The Death PACT's living room was completely silent. All proceeding what just occurred. What came out of bubble's mouth. The words that she said. Was she being genuine? They don't even know anymore.

Tree's mind was blank.

The only thing that was responding was his thumbs ghat were slamming to each other.

His love.

A..killer.?

Tree wanted to deny this fact. He wanted to doubt that she was the murderer. But he's not stupid. Deep down..it hit him hard when he realizes that it's probably true.

His own dear..

Stabbed him in the back like that.

"..I don't get it." Tree immediately broke the silence as all team members took their attention towards him.

"She..looked so innocent. She treats us nicely. She'd shown genuine concern for death. SHE-" Tree wanted to cry at this point. He grumbled as he placed his hand of his face. Pie patted his back for comfort.

"...fries was right."

"Liy did acted wried after I found her unconscious on that hill." Tree felt pathetic of not noticing the signs. And he thought he was doing something right.

"..I should've done something to prevented this." BH mumbled.

"Liy was our friend.! What happened to her? She..She wasn't like this!" Bottle muttered. Pie looked at her team mates one by one.

"Did anyone of you know where Liy went.?"

...

Liy was running.

Where was she running?

She didn't know the answer herself.

She just wanted to get away as far as possible.

Running away from her problems.

Every object hates her now.

Nobody could trust her.

She couldn't handle facing the consequences.

..she some reason feels a deja vu.

Liy shook her 'head'. Eventually she stopped running when she got into the forest. Not the same one where Woody and Match..

WHY DID YOU RUN?!

Liy was sobbing at this point.

I DON'T CARE THAT THEY FOUND OUT

THIS WAS YOUR FAULT

KILL THEM

THEY DESERVE TO FEEL REAL PAIN

WHY EVEN CARE ABOUT THEM

YOU CAUSED THEM TO FEEL MISERABLE

WHATS THE POINT

KILL THEM

KILL THEM

Donut was laying down on a couch after experiencing some discomfort headaches ever since ATBNT made him 'fuse' with Four. He didn't know exactly why he was experiencing head aches of all things.

He heard the door open.

"Oh..Hey guy-"

Donut realized it was just Gelatin that came. Donut frowned as he glared at him. "Why are you here so early for?" He questioned. Something was off. He could immediately tell. Gelatin had a frown face that he almost never makes. Donut sighed.

"..Who died this time.?"

"It was Balloony."

"Oh."

"But.."

Gelatin held his arm.

"We found out who was behind all of this killing." Donut's eyes widened. He sat up but immediately regretted it as his head felt more pain. He laid down again shortly.

"Ugh..who.?"

"It's Liy."

Donut's hand shifted away. He was surprised by that even though..Foldy and Stapy did say about Liy's..past. But he doubted it had to do anything with that.

"Jeez.."

"Shouldn't we do something?"

Gelatin raised an eyebrow.

"Llllike..what?"

...

"We should try to capture her."

**Sorry that this chapter isn't much
I've been busy and stuff so this is kinda rushed??
╰(´´)╯**

Dw this story will take much longer to complete sorry that it sounded like it's close to be finished lmaoo

Okay bye

Sympathy

Pin came back with 2 ice creams which was strawberry and blueberry. Pin sat down next to Bubble who looked distraught from the situation.

"Hey..I know our relationship is kind of awkward and all but..here." Pin handed Bubble a blueberry ice cream. "..I made it by myself." Bubble turned her 'head' towards her. She smiled a bit. She grabbed the BB ice cream.

"I..I appreciate it Pin."

"..Bubble.?"

Bubble glanced at Pin.

"I'm sorry about your loss."

Bubble frowned.

"Fanny didn't make it..didn't she.?"

Pin slowly nodded. Bubble almost dropped her ice cream but held it strong. But she was a sobbing mess at this point. She'd lose people. Fanny just became her girlfriend and now she's gone.

"It's all my fault.! I didn't protect the-"

"Hey hey! It's not!"

Pin wanted to hug Bubble but she could potentially pop her.

"I made Match mad and left her without talking to her. I left Fanny out there with Liy.! I-"

"Bubble..that's enough..Fanny would know that it was never your fault. You'd made the right choice." Pin muttered. Holding Bubble's hand in a platonic way. Comforting her in a way.

"Shall we just continue eating our ice creams.? Maybe that'll make you feel better?" Pin said smiling. Bubble was hesitate but nodded. Rubbing her eyes. "There's the bubble that I knew." Pin said.

"Pin, I'm not always happy."

"..oh."

Bubble chuckled.

"We really need to catch up on things."

"..yeah."

Coiny was watching Pin and Bubble outside of his window. He was glad Pin was doing well with Bubble after not talking to her for Four knows how long. Speaking of Four, Coiny did try asking Donut last week if he could attempt getting Four out.

Which. No luck.

Coiny figured getting Four out of Donut is the only hope.

But how?

"Howdy Coiny. How are you doing?"

Coiny almost fell as Loser grabbed Coiny's arm in alarm. Loser smiled in relief.

"Sorry for scaring you there." Coiny turned to Loser. Surprisingly Loser looked fine. As if the whole Lij thing isn't happening right now.

"Loser.."

"Why do you look so happy for.?"

Loser shrugged. "Anyways, I tried to ask Fries if he could bake some stuff with me but he was busy with..personal stuff. So do you want to come with me Coiny?" He asked as he raised his hand towards Coiny.

Coiny nodded as he got off the window. Coiny was still weirded out that Loser looks calm. Maybe he was trying to make his team mates calm as possible in his way.?

Perhaps.

"Hey..When you said Fries was having some personal stuff. What do you mean by that Loser?"

Loser looked hesitant to respond. It looked obvious. "Let's just say Free Food and Team ICE CUBE are planning for something." He turned towards Coiny. "Don't worry..they're just trying to help you all."

Loser realized Coiny's eyes looked exhausted.

"Coiny dear..did you even sleep?" Loser examined his eyes. Coiny shook his head. Loser frowned but understood.

"I understand the stress. But fear not, **she** won't hurt you or anyone else here. I'll be there Coiny. I'll protect you and us losers."

"..and Pin.?"

Loser smiled.

"And Pin."

Coiny rubbed his eyes to wake himself up. "I really appreciate you Loser." Loser nodded and smiled. He turned around.

"Also, we're baking cakes."

Coiny smiled as he came along with Loser but looked more energetic this time.

Pin looked at the window that Coiny was just on. She could almost hear everything that he and Loser said in there. She was glad Coiny wanted her to be safe. But at the same time..

"Will Loser truly save us.?"

"Nothing personal towards him but.."

"I just know he's not EVERYTHING."

"He's not perfect."

"He's capable of stuff."

"..and capable of making mistakes."

...

"Maybe I shouldn't doubt Loser sometimes."

I guess this is kinda a filler chapter? If you want to call it as that. Anyways my arm is in pain from typing this as we speak 🤖

Okay bye

Sunset

Liy was lying beside a bush. She was exhausted of running. She didn't even know how long has it been. She blinked and grumbled. Why didn't she stop Bubble? It would've been too late anyways.

She didn't even know where she was at this point. Her mind was blank.

Oh Tree..

I'm sorry my love.

I'm sorry I betrayed you like this..

You've must be in pain.

Liy didn't dare to see how Tree would've reacted to see her again. She doubted that he'll be happy about it. She lost his trust. Everyone else.

Okay..Our plan failed

"Our plan?! More like YOUR plan.."

Shut up

Anyways..Plan B.

Liy didn't even want to listen at this point. She hugged her knees. Dealing with this. Again.

We need to go back during midnight.

Liy kept shaking her head.

We'll target the Losers.

Liy's eyes widened. "Wait- WHY?! They have Loser you k-"

Loser isn't a god unlike me.

Liy raised an eyebrow.

"Wait wh-"

ABNTT and LST/BLGD have advantages against us. Don't worry. I got a list of people you could target in that follower team. They're all weak. Fragile. Can't even do anything without Loser. They're pathetic.

"..No they're not."

"You are."

Excuse me?

"You're manipulating me to kill my OWN FUCKING FRIENDS HERE."

Your friends?

Are they your friends now all the sudden?

After what you did?

"Me?! More like what YOU did."

Well that's too bad anyways your so called friends probably see bad in you now.

"I.."

It's not my fault mortals are easy to manipulate.

"YOU-"

Alright then. Since you're not going along with me. I'll take over."

Liy was resisting.

But it wasn't enough.

"..Alright. Now how do I go back from here?"

Clock was resting against the balcony. He was pretty exhausted after assisting Loser and Coiny. Maybe a rest would do. Besides..the sunset is pretty today. He glanced back to enjoy the view of the sunset. He smiled weakly.

"Enjoying the view?"

Clock got startled by the sudden female voice. He quickly turned around as he grunted.

"Eggy, don't scare me like that. I thought I was a goner there." Clock grumbled as Eggy chuckled. "Sorry Clock. I didn't think that'll scare you." Eggy walked beside Clock. Her smile faded.

"Didn't expect Liy was the one huh?" Clock turned to Eggy by the sudden question. He frowned. "Why the sudden question. Obviously none of us did." Eggy smiled.

"Let's stick together okay? I don't want any of y'all dying."

Clock's eyes widened.

..slowly he smiled back.

"Yeah."

Eggy waved bye at Clock with her leg as she took off. Clock looked back at the sunset. He couldn't help but admire it.

"Clock?"

Clock got confused on why Eggy came back. He smiled.

"Yea-"

S L A M.

Clock's face was broken. Glass was scattered around surrounding his helpless body. His leg twitching as his eye started bleeding from the glass. He started gagging. He felt something sharp in his throat. He was inhaling and exhaling.

"You should've checked if the front door was locked."

The world was slowly getting dark in Clock's bleeding eye. Perhaps this is his end.

He exhaled one last time.

I am so low motivated smh idk why I'm getting more lazy. I like

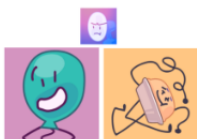

writing. Anyways more killings..haha..I'm not feeling okay

Trick

Liy was staring at Clock's dead body. Perhaps they could use this as a bait to trick the Losers. They weren't sure yet.

Bait.

Liy grabbed Clock's unconscious body. Dragging him around like a toy. They're going to use Clock as a tool for her plan. They chuckled.

"Some fools that they are."

"And I thought they got better."

Loser immediately dropped his plate when he heard Clock screaming. He attempted to investigate but realized Clock was probably long gone wrong.

..and Liy is nearby.

Loser swore under his breath as he ran towards the living room where the rest of the team was.

"YALL. MY ROOM NOW."

Everyone immediately got up in a surprise of the sudden tone of Loser's voice. They rushed over to Loser's room. Loser slammed the door shut and locked it.

"L..Loser.? Is she-"

"Yes."

Everyone began to panic but Loser assured them that they'll be fine.

"Loser I'm scared!" Cake pleaded. He leaned against Loser. He smiled

and patted his head. "You'll be okay Cake. I believe in you. Liy could be out there. We should be quiet." Cake smiled at him blushing.
"..right."

It was silent for a while.

Coiny was pacing around.

Everything felt 'fine'.

"HELP SOMEBODY- LET ME IN-"

"Was that-"

Loser turned his 'head' to the clock. He wasn't sure yet. He wants to believe that it was him.

..he doesn't know anymore.

They're in a tight situation.

"LOSER SAVE ME"

Loser was hesitant to touch the door knob. He leaned against the door still deciding whether or not to trust that.

"C..Clock.?! I thought- is it really-"

"Wait no.! It's a trap! Clock's dead remember.?!"

"IM BEGGING YOU PLEASE ITS ME CLOCK PLEA-"

...

Everyone in the room was stunned. They didn't even dare to move. Processing what just happened. They wanted to scream. Yell. Run. What CAN they do.?

Loser gently opened the door.

His eye widened.

There he was.

Clock.

Laying down.

Dead.

"N..No.!"

"NONONONO"

"I-"

"I JUST-"

"...wait."

Loser walked closer to Clock's body. He bended his knees to investigate closer. He raised an eyebrow. He stared at the blood.

"Wait..the blood looks old.."

"Wait-"

Loser immediately turned around and widened his eye.

"WAIT I HAD MY GUARD DOWN.! WAIT-"

"IT'S A TRAP-"

Loser turned his 'head' to find **Liy** about to smash his head. Loser immediately got back as he bumped into Eggy.

"Shit."

Loser stood up and raised his arm to protect his team. **Liy** smiled. They walked towards Loser. "..What the hell are you doing here. Why did you crawl back here.? Did you expect me to forgive you.?" Loser muttered in a anger tone.

"What can't I say? I'm a huge fan of you Loser."

Liy got closer to Loser.

"Say something Loser. Cmon."

Liy immediately grabbed Cake and started to 'choke' him. He was gagging and moving his legs rapidly. **They** smiled.

"You like saving people right?"

"Are you going to save him?"

Loser's eyes widened as he ran towards **Liy** and punched them in the stomach' hoping to release Cake from them. Cake got released afterwards. He collapsed on the ground as he gagged for air, sobbing.

"Cake.! Breathe.!"

Liy immediately got up.

"YOU FUCKER"

All Loser felt was a sharp burning pain on his chest.

"LOSER.!"

This might do..ugh.

I haven't been feeling good mentally cause school. I'm so tired. Algebra isn't making it any better. My anger issues and motivation just gets worse from that class. I didn't even bother doing the test cause I barely learned anything there.

I probably won't be updating for a while after this? Idk depends if I feel like it.. ☐♀☐

Aight vent over lmao

Okay bye

Pain

Loser winched in pain as he collapsed on the ground. Almost all of the Losers immediately rushed to him. He was immediately close to death at this point judging by the lack of movement and eyes fading.

"LOSER.! OH GOD-"

Loser was just laying there in front of Cake who was horrified. He attempted to lift his head up but collapsed immediately again.

"..go."

"BUT LOSER- I DON'T WANT TO LEAVE YOU HERE.!" Cake held Loser's hand tightly. He was pretty much traumatized of what he is witnessing. The idol that he admired, dying.

"It..Yo.."

Cake felt a hand grab him from the back.

Eggy glared at Liy, hiding the nervousness in her face. "LET HIM GO LIY!" Eggy was signaling that she will pull a fight.

"Oh please. What can you legless fragile self can do?" Liy smirked. Cake was attempting to kick Liy while sobbing in distress. "EGGY- HELP- EGG-"

SPLAT

Eggy's eyes widened as she watched in horror. She stepped back. Cake's icing was dripping on the ground. He gagged. His eye was shaking from shock. Everyone was silent.

Liy wiped their mouth.

"Hm. Cake? You taste disgusting."

Liy tossed Cake to the ground as he splat more on the ground. Eggy ran towards Cake while screaming "NO" multiple times. Pin was standing there back of her team.

"...go."

That was what Loser commanded them to do. Pin wondered. Pin held her head up.

"We have to flee now! We have to leave him behind!"

Eggy shot her a death glare.

"I AM NOT LEAVING CAKE HERE"

"PLEASE EGGY! EITHER STAY HERE AND DIE OR RUN AWAY." Pin yelled in desperation. Coiny quietly stood up and nodded as he glanced at the others. Coiny felt something warm as he shouted

"LOOK OUT"

Coiny jumped to Pin which made them all collapse. Coiny and Pin stared at Liy who approached at them, horrified. Liy smiled.

"Well? Start running."

Coiny glanced at Pin which she nodded. Pin yelled everyone to run. All of the team ran, Needle having to drag Eggy along. Liy just stood there next to a half-dead cake and bleeding Loser.

"Cowards."

"Fries?"

"Fries!"

"FRIES"

Fries immediately woke up by the yell of his name, he looked around to find Eraser beside his bed. He raised an eyebrow as he got up.

"What's the hold up?"

Eraser's expression looked hesitant.

"Look, I'm not sure what's even up but I'm hearing some shit at the Loser's place and-"

Fries's eyes widened. He immediately got off of his bed as he placed both hands at Eraser's 'shoulders'. Eraser was confused and shocked by Fries's sudden movements. "What the- dude?-"

"..What did you hear."

"..a bunch of screaming..why.-"

Fries almost pushed Eraser to the ground as he rushed to the door. Eraser rubbed his 'head'. He walked towards Fries with concern. "Yo, why are you acting wried bro?"

"YOU IDIOT! YOU COULD'VE WOKE ME BEFORE!"

"..huh.??"

"LIY IS IN THERE"

Short chapter ik ik boo

I'm kinda getting hit by a truck of write block. School is.. 🤔
sigh.

Anyways chapters might be more slower so I apologize for the inconvenience in the meantime lmao.

Okay bye

Hide

Coiny was panting as he stopped running. He looked back to make sure his team mates was still trialling behind. But luckily his team mates were fine. He thought. Pin nearly stumbled to the ground as Needle quickly pulled her up.

"Sorry- I'm just.." Needle nodded. "I know Pin. We're all there." Needle looked back at her team's house in the distant. "Where should we even hide?" Firey looked back and forth. He shrugged. Until-

"OVER HERE!"

"Bell?- Wh-"

"NO TIME GET OVER HERE!"

Golfball slammed the door open with stars in her eyes. TB looked like he haven't slept at all, GB too but more energetic. Blocky glanced at them two concerned.

"BLOCKY GUESS WHAT."

Blocky rolled his eyes.

"What."

Golfball pulled out a gigantic gun that is bigger than GB herself. Somehow she doesn't show any struggle holding it. Blocky stared in horror.

"GB?? We are NOT killing h-"

"Calm down! This isn't a gun! This is a weapon to paralyze objects! I-"

"But isn't that what guns technically do GB??"

Golfball gave Blocky a grumpy look as she grumped.

"ANYWAYS. I could easily shoot this at Liy and put in end into this ma-"

"But how?"

Golfball once again glared at Blocky.

"Duh? I go out there. Shoot Liy. Boom!" Blocky still had that unsure expression. Golfball rolled her eyes in annoyance. "Grassy heard something." Grassy mumbled as he rubbed his eye. Blocky glances at the small child.

"Oh no. It's okay buddy, just go back to sleep." Blocky kneeled to Grassy's height. "But I don't want to!" Blocky looked up as he saw Basketball with huge bags under her eyes.

"How lon-"

"Almost 3 hours. He keeps refusing to sleep. I don't know why. He keeps complaining of-"

"My head hurts!!"

Basketball held Grassy's hand.

"Grassy, that's why you have to sleep." Golfball and Tennis Ball just stood there awkwardly. GB just shrugged it off as she walked out of the room. Tennis Ball glanced back at Grassy. Concerned.

"Are you sure your team is okay with this?" Firey asked. Bell grumbled as she quickly turned around to Firey with a annoyed look. "YES! I told you like 2763 times now!" Pin was sitting on the red couch. She looked traumatized after what just happened.

Needle grabbed some cup of water as she sat next to Pin. "..Clock..Loser..Cake..they're all gone." Pin muttered. She sounded like she was about to burst out crying. Needle couldn't blame her. She is devastated as well.

"It's okay."

"..it's not."

Needle and Pin felt a awkward tension between each other. "Least we're safe..for now."

Pin glanced at Needle.

"Yeah."

"For now."

Wow..a short chapter..yay..
Idk I'm sad

I'm more active on instagram idk..Guys I swear I won't abandon this fanfic ;,/ I literally planned to make this fanfic ever since before freshmen year started..basically almost a year ago?? Or two? Idk

So sorry for the long wait. Just busy. Expect a death upcoming from your fav character;)

Okay bye

Heartbroken

Liy stared at the corpses.

God. She felt like shit at this point.

She kept cursing under her breath.

It's not enough.

It's not enough.

She shook her head.

She refuses.

...

Trust me.

You want this.

Lollipop figured that she could move around with a crack in her head now. She was thirsty. Perhaps some milk will do. She slowly made her way towards the kitchen.

She didn't even know what time it was.

She figured it was like..the afternoon?

The windows were barricaded for some reason and didn't have the guts to step outside.

"Hm."

She glanced at the clock.

"4:56 AM"

Especially when she heard some noises on the kitchen. She raised an eyebrow. Who could even be in the kitchen messing around in this hour? But then again, she is too. She shrugged.

"Hello?"

Lollipop felt a hand grabbing her shoulder as she got pushed to the . "refrigerator. Slamming her head which she screamed in pain. Pain coming back to her. "WHAT THE FUCK?!" Lollipop rubbed her head in agony. Felt the crack more deeper.

(*Great. MORE damage.*) Lollipop was about to get up and fight whoever pushed her but was brought down again.

"**My my. How sour you can be.**" Lollipop was about to roll her eyes by that "original" adjective until she saw who she was witnessing.

"LIY?! Wha-"

"**Seriously. You're so annoying when you talk.**"

Saw yawned as she rubbed her eye. She woke from the sudden loud noises. She slowly opened the door as she faced to face with Book.

"Oh! You..heard it too?" Book questioned. "Yeah..it..sounded like Lollipop too." Saw muttered. Worried of what could've happened to Lollipop. Saw and Book quickly ran towards the kitchen.

Book immediately stopped in front of the kitchen. Her eyes widened in horror. Saw walked past Book as her mouth opened slightly in shock.

[Insert picture that will be inserted soon]

"LOLLIPOP!" Saw yelled in horror. "Oh nonono.!" She muttered. She dropped to the ground in-front of Lollipop's cold body, cracks surrounding her face almost, her face being obliterated as it has a open wide crack.

"Saddening. Isn't it? Saw?"

Saw didn't even pay attention to the strained 'autotoned' voice. She was a sobbing mess.

She loved her.

"How about joining her will make you feel better?"

Lollipop loved her.

It felt like her heart was being stabbed.

Then crumbled.

Piece by piece.

...

"SAW!"

Ok sorry for the long wait lmao
So uh..

Ima disappear again

Okay bye

Anger

Book pushed Liy out of the way. Liy fell to the ground as they growled. "DON'T TOUCH SAW YOU MOTHER FUCKER-" Book yelled as she got shot in the chest by lazer. Saw turned around in horror as she watched Book collapse.

"Book.! Not you too.! Nonono.!" Saw muttered. She held Book's arm. Book didn't look dead yet was in agony and pain. "Book.!" Book coughed a small amount of blood. Still staring at Liy in anger and disbelief. Liy just stared at her.

"Don't get in my way."

Liy responded rather coldly. Saw backed away while still holding Book. She stared back and forth at Liy and Lollipop's body. Saw sobbed as she continued looking at Lollipop.

"C..Come back..this isn't funny anymore..Lollipop..?"

Teardrop rubbed her eye while groaning. She looked back and forth. Confused, she walked out of her room. The noises got louder.

She bumped into Dora.

Dora stood there.

Teardrop felt the awkwardness coming in as she just walked passed her. As she got closer to the kitchen, her eyes widened by more noises that concerned her more which drawn her attention more.

She looked.

.

She backed away with shock in her eyes.

She almost wanted to scream.

What she witnessed.

"Teardrop?"

Teardrop pushed Dora to save her as she got zapped. Her mouth opened in shock and pain but no sound came out. She collapsed on the floor, almost wanting to scream her lungs out.

"Hm. You too TD? I trusted you."

"Oh well."

"Now.."

Liy turned to Dora who just stood here blankly.

"Your turn Dora."

Dora made an eye contact to Liy.

Liy walked closer.

"Now it's your turn t-"

Liy immediately collapsed. Her back had the freeze juice. Dora looked down at Liy who turned into ice and looked back up at Teardrop. TD was glaring at Liy.

Footsteps was heard.

It became closer.

"Guys?! Wha-" Gaty yelled as she immediately stopped. Ice cube bumped into Gaty while chasing after Gaty.

"Oh god-" Gaty muttered.

Saw hugged Gaty.

"It's okay Saw.."

"It's over."

Fries groaned by the sounds of raindrops. He turned his 'head' to see Puffball talking with Eraser in the kitchen. He sighed in relief that they're still alive.

Pin leaned over the couch while staring at Fries.

"So..how are we exactly going to get her?" Pin asked. Fries got up as he turned to Pin. "Apparently Golfball is working on a weapon to stop Liy..it would be nice if she'd stop making it explode everytime though." Pin raised an eyebrow. "What? I thought she finished that!"

Pin suddenly felt a arm go around her 'neck'.

"That's when you're wrong sharpy!" Gelatin said as he jumped up the couch. Fries glared at Gelatin. "You see, it's funny uh..Golfball lied lol." Gelatin said. "But also-" Gelatin suddenly jumped into the couch as Fries flew up a bit as he collapsed back at the couch.

"Marker's missing apparently to TB."

Fries's eyes widened as he immediately got up.

"He's what?!"

Gelatin shrugged.

"Apparently?"

"Why didn't you tell me that first?!" Fries yelled in distress. Gelatin rubbed his head with a expression he knew he fucked up. Fries ran out. Puffball and Eraser turned around as they stopped baking cupcakes.

"Fries wait!" Pin yelled.

Fries didn't hear Pin.

"Goddammit Marker no.!"

Sorry for the long wait.

So many shit was happening these past weeks I'm mentally drained from school and just personal stuff. No my parents are nice at all, just personal stuff-

Anyways yeah I mentioned long ago that uploads will be slow for now, sorry.

Anyways this fanfic is far from finished so dw lol I just gotta get my shit together first. I'll work on myself that way I won't get burned out easily.

Which means I gotta stop posting so frequently on Instagram lol

Okay bye

Rain

Fries was running in the rain. He didn't even notice his fries was getting wet from the raindrops. His main objective was finding Marker.

He is willing to not lose him.

Facing her.

He wasn't even ready.

"MARKER! MARKER YOU DUMB..UGH WHERE ARE YOU.?! " Fries yelled. His voice echoed through building walls. He didn't even know why Marker was even out there.

"Fries?"

Fries looked up to see Gaty.

"Ga..Gaty.? Why are you here.?"

Raindrops was landing on Gaty and Fries.

Gaty turned away to show Fries.

Flower was looking out of her window. She groaned of how boring it has been lately. Especially how scary it has been for her and the rest.

"Flower you can't be edgy all day long!" Snowball yelled. Flower rolled her eyes. "Ignoring you!" Flower yelled out. She could hear Snowball groaning then hearing his steps going further away. She chuckled as she rolled her eyes.

"Hm. This amount of rain could ruin my petals..I wonder-"

Flower immediately got a rock launched to her face.

"OW WHAT THE FU-"

"Hi Flower!"

Flower's expression went to a disgust and disbelief as her eye twitched.

"MARKER.?! WHAT THE FUCK"

"Lol sorry." Marker muttered.

Flower was about to close the door until-

"Wait! Can I stay at your place?"

Flower eyed him in suspicious.

"Why.??"

Flower could see purple liquid dripping under his cap. He started coughing but still smiling while making eye contact with her. Flower eyed away for a bit. Sighed in defeat.

"Whatever. Fine."

Marker smiled more as he walked away. Flower could still hear coughing along the way. She sighed. Why did she even let him in?

Ruby got up, stretched her arms after falling asleep on the couch. She couldn't even remember why she was even sleeping on the couch.

She heard the door banging. She raised an eyebrow. Why would someone be out there? In the rain..and a murderer in the loose. She shrugged.

She looked through the peephole.

She lowered her shoulders as she sighed. Ruby opened the door for Marker to enter. "Marker? What are you doing here? It's dangerous out there." Marker giggled as he walked in. Ruby grabbed a towel to clean Marker's ink.

"I just want to be away."

"Huh?"

Marker smiled.

"I'd just drag them deeper."

"Wait- what are you ta-"

Marker walked away in the hallway.

"I'll talk to you later!"

"Wait! Don't...there he goes I guess."

Ruby grabbed a cookie as she collapsed on the couch. Staring at the lamp above her.

"Bubble.."

"She wouldn't even talk to me since.."

...

"Oh Fanny..what would YOU do.?"

...

"She needs you."

...

..

.

"Maybe I could try to snap out of it!"

"No."

**"NO I could immediately start zapping them! That's your power!
That's my POWER THAT I INHERITED T-"**

...

"I said too much."

"What."

"I have to go."

"WAIT NO!"

"TELL ME MORE"

"DON'T LEAVE ME HERE"

"..god DAMMIT!"

...

"It's hopeless."

"They caught me."

"And now."

"I'm going to be.."

"Executed.?"

"I don't even know what they're going to do to me."

"Guess I have to embrace for it."

"For now.."

"Just gonna wait for this ice to melt off of me."

Ugh I feel wried abt this yall idk

I had a community service at some Chinese festival which hm, it wasn't too bad. Although I was freezing af to the point my hand got so numb.

Okay bye

Outbrust

Fries was pacing back and forth. Yellow Face leaned over to Bell.

"Why is he acting paranoid right now again? He looks funny."

"Someone from Bleh finally got HER."

"Awesome! Maybe I could advertise her my new products to make her-"

"Yellow Face no!"

Fries grumbled. Eraser was eating some expired chips as he was amused of what he was witnessing. He sighed. "Cmon Fry, sitting down wouldn't hurt ya." Eraser said as he patted the seat next to him. Fries glared at Eraser with his tired exhausted eyes.

"Eraser..do you know anything about Marker.?"

Eraser's eyes widened by that sudden question. He quickly shrugged. Fries cursed under his breath as he rubbed his eye. The door suddenly opened.

"Guys.! She'd melted now!" Gaty said. Almost everyone in the room walked in. Liy was tied to a chair, still unconscious though. Saw was on the floor as TD comforted her. Book was leaning against the wall, her 'chest' was wrapped around with bandaged wrap. Dora was staring at Liy. Icecube just staring at Book but breaking eye contact.

"Where's Death Pact? They said they'd be here by now?" Puffball questioned when looking around in the gloomy tone room. Eraser shrugged.

Stapy and Foldy stared at unconscious Liy.

"Stapy..I.."

"I know..I'm not sure how to feel about this either."

"I didn't think she'll..do this again."

Bell overheard.

"Huh? Again??"

Foldy jumped as she backed away.

"Oh! Um..it's complicated uh you see-"

"YOU KNEW THIS WHOLE TIME THAT LIY-"

Stapy jumped in front of Foldy.

"Look, we saw her..kill before but apparently she sworn to prevent but..I didn't think that-"

"WHY DIDNT YOU WARN US ABOUT THIS THEN?! ALL OF THOSE DEATHS FOR NOTHING!" Bell was almost at tears. Stapy glared at her as he sighed. "Bell- almost all of us killed someone once. What's the difference?-"

"THIS IS DIFFERENT YOU ASSHOLES-"

...

"Hello.? Are we interrupting something?"

Everyone turned to see BH.

"Ah..No." Bell flushed in embarrassment but still kept a death glare at Stapy. Foldy just trying to avoid it all. BH turned away nodding to another direction as he entered. His whole team came in eventually. Fries walked towards them.

"Oh..Tree..um."

Tree sighed.

"It's..just wake her up."

"How??"

"Just slap her or splash some water I DON'T know." Tree muttered strongly. Fries frowned, feeling bad for Tree's situation. His lover? The one he trusted the most? The most dear to him..ended up as a cold killer. Fries couldn't imagine what Tree must be feeling

Eraser pulled out his half filled water bottle while blowing gum. Fries grabbed it as he walked towards Liy.

"..should I.?"

...

"I need answers..we all need answers."

This is short sorry

Normally long chapters that I do is usually 500-700 words but this is 473 🙄

Anyways ik the plot is a bit hasty right now I apologize. So many shit happens y'know? Gotta keep my promise..

Okay bye

Desire

Fries took a breath in as he splashed water at Liy. She gasped immediately as she coughed over and over. Fries took a step back just in case. Everyone else did the same thing.

The gray basement was freezing cold.

But they didn't mind.

Liy took a last cough as she blinked. Looked around the objects surrounding her. She cursed under her breath. She attempted to move her hands but they were tied hard.

I can't escape this time..can I.?

Liy's shoulder peeked up when she noticed Tree. Tree stared at Liy which a mixed emotion. Both furious and confused and sad. It's obvious that he felt betrayed. Liy tried to speak to him but Tree shook his 'head'. Liy's eyes widened.

"Liy."

Liy looked up to Fries. He was staring at her coldly. Liy took a gulp. Imitated.

"Tell me..what the hell were you doing.?! And..why.?" Fries muttered. His hand was shut but was shaking almost violently. Holding the urge to punch her already. Bell mumbled something to Eraser.

"..I.."

...

"You."

[illegible]

"LIY!" Tree slapped Liy harshly.

Suddenly, the shaking stopped.

Liy was tearing up.

Tree just..stared at her.

"Please..talk to us..this isn't like you.."

..

"Liy."

"Ever since that day where **they** appeared."

"Who.?"

"The remains of **Four**."

Every object began whispering to each other. They were clearly in shock and disbelief.

"I'm not sure if it's actually Four themselves but..I think their.."urge to destroy and murder" mindset..went into me. I couldn't control it. It gave me Four's powers. I hated it."

Liv was tearing up more as she faced downwards.

"It gave me..a **i t c h**. To kill..To destroy..anything. If I don't..I'd just go more insane..without killing..all I wanted was to stop this **i t c h**. All I needed was you all to disappear."

"Uh..Liy.?"

"ALL I WANTED WAS TO SHUT IT."

"ALL I WANTED WAS SILENCE."

"THIS IS MY DESIRE."

"DESIRE TO KILL."

"DESIRE TO DESTROY."

"WE HEARD YOU LIY.! PLEASE STOP.!"

"**THEY WILL COME AND-**"

Liy suddenly stopped talking. Her smile slowly faded. Tears were becoming dry. Her hands were twitching still. Tree walked more closer to Liy after backing away.

"Liy.?"

"..sorry."

There was a crash.

All they saw was a bright blue light.

There was a explosion.

Or that's what they thought.

What matters is that..

Liy escaped.

Escape

Liy didn't know how long she was running. She was gasping for air. She was exhausted from running too much. She almost wanted to collapse at that point. She sobbed.

The face she saw on Tree.

It's really true.

He is not coming back to her.

Liy's world felt like it was collapsing. She didn't know what to do at that point. Should she just hide somewhere else while dealing with this itch.? Continue on this rampage somewhere far.?

...

Maybe dying.?

Liy stopped running as she stopped by a tree. She started to hear thunders go by. Raindrops drop harder on Liy. She slowly heard her name being called as she gasped. Liy doesn't want it.

She doesn't want to face the consequences.

She's too afraid to.

Sure, she could just zap them away.

But..

Liy was a sobbing mess. Tears were basically covering her eye vision.

"PLEASE.! JUST **GO** AWAY.!"

Liy zapped the tree as it collapsed between the objects and Liy. Liy began running. All she can hear was thunder. Storming closer and closer.

...

...

...

"Wow. She looks like shit. Wonder what happened to her."

"Should I let her in.?"

"..."

"Eh! Why the hell not!"

Liy was shivering but she felt warmth. Perhaps she was just shaking from that traumatic experience. Guessing she figured how her victims felt now. Some reason...she felt a blanket surrounding her body. That's what made her wake up.

"WHAT THE- WHERE AM I.?"

"Oy! You finally woke up eh?"

Liy turned. Almost getting ready to zap the mysterious object.

..

"Who.?"

"Pah! How rude of me! My name is Rusty Coin!" RC raised his hand at Liy for a handshake. He smiled. Liy stared at him. Then stared at the fireplace behind him.

"It's okay. You probably went through some shit anyways ay?" RC elbowed Liy as he laughed while walking towards the fireplace. He sat down in-front of it. Liy rubbed her eye. She took a glance outside.

It was pouring.

But it looked like she was far away from the bfb area. She sighed in relief but also guilt. She turned to RC who was cutting some wood.

"Why did you help me.?"

RC continued shaving wood as he chuckled.

"Why that question? It was obvious! It looked like you were gonna die any moment when I found ya! Course I'd help a helpless object!" RC said as he laughed. Liy raised an eyebrow.

"Ugh. What are you doing Liy? You should be grateful..or.."

Liy didn't even know how to feel.

How is she going to tell RC that she is a murderer.?

Will HE hick her out?

...

"I can't lie to him."

"I don't deserve his kindness."

"He's giving it to the wrong person."

Liy snapped back to reality. She laid back on the guest bed. She turned to face the window. Seeing how dark it was.

She was planning to run away.

Her eyes suddenly felt tired. She yawned.

Drifting.

Liy.

"ARGH!-" Liy immediately stood up. She was sweating. Breathing hard. She looked back and forth. She slowly calmed down. The fireplace didn't have a fire anymore. It was dark.

She crawled on her bed to find the candle that Rusty Coin left behind on the table. She grumbled when she couldn't find it so far.

"Gotcha.!"

She grabbed the candle holder as she lit it. She scanned for the door. She walked towards it as she opened it. Checked both areas. Coast is clear. Before leaving, she stopped herself. She turned her 'head' back at the room. She frowned. She felt bad of just disappearing like that on Rusty.

"I should write him a letter at least."

"I'm sorry Rusty. You are kind man. But I'm not the person you should be nice to."

After minutes of writing the letter to Rusty, Liy took off. She sighed in relief that it's just sprinkling instead of the harsh rainstorm. But she still couldn't see much. Perhaps she should've thought of talking the lantern that Rusty had.

Guess it's up to her now.

Selfish Desire is almost over yall. Just 2-3 chapters left..probably. I'm not sure if I should change the ending of this fanfic or not cause it doesn't suit right..whatever.

Whatever it takes to end this dumb multi-year fanfic.

Okay bye

Acceptance

All that Liy could feel under her feet was wet grass. It was somewhat uncomfortable for her. She bared at feeling though. She checked her watch as she squinted her eyes.

5:04 a.m

Liy sighed.

"I only slept for like..I think 6 hours.." But somehow, Liy didn't feel that fatigue. She stopped walking after realizing.

"..where should I even go.?"

Liy just left Rusty behind.

No way she's crawling back to bfb.

...

Who else.?

Liy was already beginning to regret her decision. But she had no choice. She's afraid her powers would go uncontrollable again and possibly kill Rusty. She immediately heard a thunder in the distance. She'd always had a fear of thunders.

She started to run.

Where?

She doesn't know anymore.

She didn't realize but she was already bringing tears down. She noticed a forest not too far. Liy looked anywhere else. She sighed in

defeat. Liy began running into the forest.

Liy noticed a overgrown leaf that is suitable for anyone to hide under. Liy held her arm tight. She sat under the overgrown leaf. She didn't even question its existence. She hugged her knees as she sighed. What has she gotten herself into?

Woody.

Match.

Balloony.

Fanny.

Clock.

Loser.

Cake.

Lollipop.

Liy felt so bad for killing them. For no reason. Only for her selfish needs. Liy didn't even know why she is even alive at this point. Or why she even attempted to escape death.

She should've just..

Surrendered herself.?

Liy.

Liy.?

Liy!

Liy immediately got up before falling asleep. She backed away. Constantly breathing in and out. She didn't even see anyone. Liy raised an eyebrow. Perhaps she was really going crazy.

"Liy..up here."

Liy peeked out of the overgrown leaf as her eyes widened.

It was Blackhole.

"BLACKHOLE.?! OH GOD- GET AWAY-"

Liy was almost tempted to run away. But she was too exhausted at this point. She ran for so long. Instead she just crawled deep under the overgrown leaf. Hiding herself..even if there is no point.

"Liy.."

"DON'T TAKE ME BACK- PLEASE I CAN'T SEE THEM AGAIN- I-"

"Liy.! I won't take you back.!...not like it'll necessarily matter anyways.." Blackhole muttered. Liy still didn't bother to move. BH sighed.

"I understand. But please..at least listen to me."

BH got closer but kept a bit of distance from Liy for obvious reasons. BH sighed. Liy was trembling in fear.

"Liy..The others figured out how to remove Four out of Donut..they just need you. After taking that..from you, you'll be fine." Blackhole muttered. Liy shook her head while trembling.

"Liy. We won't kill you over this. Not like I'm going to allow myself anyways." Blackhole assured towards Liy. She didn't know at that point. Her and Blackhole were always great friends. He trusted her a lot. Afterwards, she just assumed BH would never bring himself to even talk to Liy ever but here they are.

"..fine."

Liy slowly walked out of the overgrown leaf. Blackhole backed away.

"We should head back..right?" BH asked. Liy slowly nodded. They began walking back to bfb. Liy honestly didn't have a choice. She didn't know where else to go at this point. She already turned down Rusty's kindness. Liy realized something.

"Blackhole..how did you even find me.?" Liy questioned. Blackhole was silent for a bit. Liy raised an eyebrow while staring at Blackhole. "..Blackhole.?"

...

B A M.

It was ear piercing for Liy.

Then all she heard was white noise.

She collapsed on the wet floor.

All she could see was raindrops falling.

Liy gasped for air.

But all that came out was blood.

Blackhole couldn't have killed her so who.

"..Sorry it has to end like this Liy. But you're too dangerous for us at this point."

"..Tree..But..I thought.."

"Sorry..I..I lied."

Liy coughed out blood.

Blackhole tricked her.

Tree..

She heard steps going further away.

They're just..leaving her.?

...

Liy waited.

She groaned.

She slowly got up.

Blood was coming out constantly.

Liy slowly walked.

To the hill.

The tree that Liy was laying against before the i t c h started. The place that started it all.

The clouds was beginning to drift away.

Sunrise was happening.

The sun was slowly peaking.

Liy laid against the tree.

Groaning.

She stared at the sky.

...

She smiled at last.

She is free.

She can now..

Relax.

WAITTTT

It ain't over yet dudes,ladies,and nonbinarys, or whatever hell you prefer-

One more chapter and it is over!! Damn..it doesn't feel like spring but it is? Also I'm going to attempt something: I never shipped Liy x Tree- Idk why I even included that in this fanfic I guess I was just desperate to add a ship for Liy?? Idk..anyways theres that.

Okay bye :)

The end.

It was empty for Liy.

She almost felt like nothing.

She couldn't move.

She couldn't even open her eyes.

It was damn freezing for her.

..and..quiet.

Falling.

She felt like she was drowning underwater

She only heard the sounds of underwater

...

She didn't like this.

Liy forced herself to move.

She couldn't.

...

"Liy?"

Liy tried to open her eyes again.

No effort.

"It's me..Tree."

Her fingers were twitching.

Her arm suddenly felt something touch her.

"I'm sorry I left you there alone."

Liy frowned.

Why is he even apologizing.

She deserved it.

"If only I wasn't distracted by..oh..I have to go."

She suddenly opened one of her eyes

"Wa..it.."

"I hope you wake up soon.! Everyone in our team misses you."

.

.

.

"..w..hat..?"

Liy suddenly could move her body again. She gasped for air. She didn't even feel cold anymore. Yet, she didn't even feel like she IS underwater. She scanned her surroundings. There was nothing. There was no water. It was pitch black. She was just hearing underwater noises. Liy suddenly realized something.

She's sinking.

Slowly.

Liy gasped as she attempted to swim back up.

But the force held her deeper..and deeper..

And deeper.

Liy screamed.

But no noise came.

Liy was sobbing.

She was almost going to give up until..

"Hey Liy! It's me and Blackhole- what?..oh. Heh, I'm Pen..if you..can hear me.? I hope you feel better dude! It sucks without you..geez your hands are cold."

"PEN-"

"BLAC-"

Liy suddenly got dragged deeper.

She screamed no multiple times.

"Message from Remote. I miss you. You were one of my deepest friends. I'll feel cold inside again if..you never wake up. I pray you'd get better."

Liy was gasping for air.

Kicking.

Suddenly..

She got higher.

Slowly.

"Pie made sure you had blankets on you fully! She said not to tell anyone! So I'm telling YOU Liy!! Heh. Bottle out! Before Pie finds me."

Liy saw a light.

Her eyes widened.

She held her hand out.

Reaching..

She breathed.

She..

She felt something..

...

Warmth.?

Comfort.?

...

She..hasn't felt those in a while..

She questioned why is she feeling this all the sudden.

She felt a hand touch her hand.

"..Liy.?"

She opened her eyes-

Liy was laying on her bed. Her same moody blue bedroom. Her team mates were surrounding her. Liy was glancing back and forth both confused and shock. Tree softly squeezed her hands for comfort.

"Liy.! Calm down.."

Liy stared back at Tree confused. Tree looked very happy but looked like he was about to burst into tears any moment. Tree suddenly

hugged Liy. Pen then rushed towards them two.

"Oh my ink.! You're awake Liy.! Holy..you scared the living thing out of me!" Pen yelled. Liy was just confused. She was shaking. Pen raised an eyebrow. "Liy.?"

Pie walked by Pen.

"Lower your voice..you're probably stressing Liy out. She just woke up from a coma y'know." Liy's eyes widened.

"Wait..coma?!"

Pie nodded.

"Wha..how..wait.."

"We're not exactly sure what happened to you but you just couldn't wake up one day. At first..it looked like you were just sleeping against a tree but..you weren't waking up." Pie stated. Liy pulled out her hand out of the blanket. She tried to summon her power but nothing appeared. Bottle stepped in with a glass of water.

"Bottle..-"

"Here, my friend!"

"..erm..thanks.."

Liy held the glass of water. It gave her the feeling when she was stuck in that void after..

She shook her head.

"Liy..are you okay?"

Liy held her head up towards her concerned teammates. She weakly smiled.

"..I..I'm okay. As long I'm with you guys." Pie smiled. "Booo..corny!" Pen muttered as Remote slapped his cap off. Liy sighed as she stared at her hand.

"..so..it was all a dream.?"

"What do you mean?"

"...never mind. What did I miss?"

Liy waved them goodbye as she walked around. She looked at the other contestants as they waved at Liy as a 'Welcome back' message. Liy smiled a bit as she waved. But she couldn't get that..**dream...** out of her head.

It was hard for her to understand that it was only a coma.

She can't even figure if she is in a dream right now or not.

It was hard to accept.

Nor understand.

What matters is that..

It's over.

Liy stopped walking. Her eyes widened at who she was staring at.

Four.

Liy cringed. She bit her lip in distress. She attempted to walk by, hoping she wouldn't catch Four's attention. But sadly she did anyways as Four glanced at her. Carrying that smile of theirs.

"Hello Liy."

Liy trembled by that voice alone.

"It's good to have you back."

Liy turned to Four.

"..yeah."

Liy sped walk away from Four. Four just went back to what they were doing. Liy assumed they were getting ready for a new challenge or something. She didn't even know HOW long she was out.

She cringed more every time she passes by one of the objects she..killed..in her dream. She groaned as she stopped walking.

Perhaps I should..stop.

Liy sat down on the hill. Even though she was tired, she refused to sleep. She didn't want to go through that experience again. The worse is that her team and probably Four don't even know the reason why Liy fell into a coma in the first place. Liy was relatively healthy.

So why?

Liy shook her head.

She stared at the sun.

...

She was so exhausted even though she technically slept..for how long?

She'll worry about that later.

She's glad everything's fine for now.

Liy laid down on the grass.

Sighing in relief.

She was silently fighting the tiredness.

.

She's tired.

She should rest.

.

.

.

.

"Liy?"

"Liy!"

"Liy?!"

"LIY!"

.

.

It repeats.

.

.

WAHAHHA..I'm finally done with this stupid fanfic!! Yup..gotta add a bit of a twist lmao. Anyways I might stop writing big fanfics for a while since I got better things to take care of.

Anyways DAMN 1016 words so far! What a record for me lmaooo. Also about the drawings of every death.? Yeah I kinda gave up on that so don't expect me to update this anymore about that pff..Anyways forget this experience ever happened..I'm out.

Okay bye
